Lignano Sabbiadoro – Adriatic Coast, Venice, Abano Terme, Lamborghini Factory – Sant'Agata Bolognese, Ferrari Museum – Modena & Maranello, Maserati & Pagani Factory and Museum – Modena, Sirmione – Lago di Garda, South Tyrol – ITALY

May 8th – 23rd, 2023

This wonderful 2-week-trip will take us on an exciting Corvette tour through Italy with a visit of factories and museums of all major Italian car manufacturers and possibly be part of the world's most famous historic rally Mille Miglia.

You will arrive at Munich Airport, Germany, on **Monday, May 8th** where we will pick you all up and bring you to the brand new Luxury "HYPERION Hotel Munich" for your first 2 nights where you can recover from the long flight jetlag.

After checking in you can relax in your beautiful panoramic rooms before we pick you up at 6 PM for a nice tram ride to Munich Downtown where we will have dinner at the world-famous one and only original "Hofbräuhaus".

On **Tuesday, May 9th** we will have an interesting tour through the BMW World with museum and a nice sightseeing bus or walking tour through Munich Old Town while the Corvettes will be brought to the hotel garage. We close the day with a rustic and original authentic Bavarian dinner in one of the world famous Bavarian Beer gardens.

On **Wednesday, May 10th**, we will “saddle our horses” and leave the “HYPERION Hotel” at **9:30 AM**. We will drive on the German Autobahn and on nice country roads to the famous mountain village Kitzbühel in Tyrol, Austria, where we will explore beautiful Kitzbühel Old Town and have a little lunch break in one of the many nice places. After this interesting stop we will follow the great Jochberg pass road to Mittersill, where we will move in to the fantastic historic castle “Schlosshotel Mittersill”, a four-star superior hotel, which overlooks the picturesque Salzach Valley. There couldn’t be a more beautiful location for a castle! We will enjoy an exquisite royal dinner in their mystic arch cellar.

On **Thursday, May 11th** we will leave the wonderful castle after a first class breakfast at around **10 AM** to drive one of the most famous and most spectacular mountain roads in the world, the **Grossglockner High Alpine Road**.

The 48 km long **Grossglockner High Alpine Road** is the highest surfaced mountain pass road in Austria. It connects Bruck in the state of Salzburg with Heiligenblut in Carinthia via Fuscher Törl and Hochtor Pass at 2,504 meters (8,215 ft). The road is named after the Grossglockner, Austria’s highest mountain. Built as a scenic road, a toll is assessed for passage. This alpine road is one of the highest driving pleasures worldwide – every kilometer and every single one of the 36 turns is a treat for car and mountain lovers 😊

The **Grossglockner** is, at 3,798 meters (12,461 ft) above the Adriatic, the highest mountain in Austria and the highest mountain in the Alps east of the Brenner Pass. The Pasterze, Austria’s most extended glacier, lies on the Grossglockner’s eastern slope. We will have lunch at Europe’s highest restaurant, the Kaiser-Franz-Joseph-Haus.

After lunch break we will continue to follow the High Alpine Road to the mountain village Heiligenblut and check in to the authentic mountain lodge hotel “Landhotel Post”, which is located right on the foot of the Grossglockner. We will have dinner at the great pizza place “Casa Antica”, which is in walking distance to our hotel.

On **Friday, May 12th**, after a great mountain breakfast at the “Landhotel Post”, we will drive the rest of the fantastic Grossglockner High Alpine Road and follow the road over Lienz and a short part of the highway over Udine to Lignano Sabbiadoro at the Adriatic coast of Bella Italia where we will stay at the nice beach hotel “Bellavista” for the next 2 nights. After a nice dinner we can enjoy a drink at their nice little pool bar before we go to bed after two fascinating mountain driving days.

The next day – **Saturday, May 13th** – is completely at your disposal. You can either take a walk through Bella Lignano Sabbiadoro or relax at the beach or pool – or pool bar ☺ ☺ ☺ At **7 PM** we will all meet in the lobby and walk the pedestrian zone for dinner to the nice and good restaurant “Croce del Sud”.

On **Sunday, May 14th**, after breakfast and checkout we will leave at **10 AM** and drive around 150 km to Abano Terme where we will stay for the next two nights. Abano Terme, the most important and oldest thermal center in Europe, stands in an enchanting location at the feet of the Euganean Hills and in the center of the Veneto region.

We will check in to the wonderful „Hotel Mioni Pezzato Abano Terme“ – a thermal hotel with 6 thermal in- and outdoor pools and 16 basins with different temperatures, more than 100 hydro massage stations, thermal path to play with water, several relaxation rooms, 215,000 square feet thermal garden and park with pavilions and relaxation areas, pool bar & grill, restaurant and beautiful rooms. Here we can relax and enjoy the wonderful spa area the whole rest of the day. We will have dinner at the hotel owned „Restaurant 1915“.

On **Monday, May 15th**, at **9 AM**, after a rich breakfast, we will take especially for us hired busses who bring us to Piazzale Roma in Venice where we will meet bella Luisella - our private English speaking tour guide – at **10:30 AM**. Venice will be one of the absolute highlights of our whole tour.

Welcome to the glorious, incomparable city of Venice, Italy. With its grand marble palaces and churches seeming to float atop the city's many canals, and boasting the world's most artistic masterpieces per square mile, this city will amaze you in every way.

Luisella Romeo – our guide – is born in Venice and knows the city inside and out - she will show us all the attractions and points of interest of Venice and tell us everything about the history of the lagoon city. She will take us through the lesser-known districts of Santa Croce and San Polo, the Rialto food markets - before they close at 12 noon - and finally across the Rialto bridge to St. Mark's square where we will see the Doge's Palace and visit the Basilica di San Marco, one of the most spectacular houses of worship in the world.

Everybody who wants to can have lunch or coffee, cake and ice cream or a drink in one of the many restaurants, cafés and bars of the city – or go shopping in one of the fabulous shops in Venice. The later afternoon is at your disposal.

After a splendid time in Venice we will close the day at **5:30 PM** with a wonderful romantic evening dinner at the waterfront “Ristorante Florida” directly at the Canale Grande and Rialto Bridge. Cross your fingers that it is warm enough to sit outside on the Canale Grande and watch the boats and gondolas flow by.

At around **8 PM** we will go back with the vaporetto and enjoy the dusk on the water before we leave with our busses for another nice night to „Hotel Mioni Pezzato Abano Terme“ where we can enjoy a relaxing nightcap drink at the hotel bar before we fell asleep after a long fascinating day.

On **Tuesday, May 16th**, we will check out and leave “Hotel Mioni Pezzato Abano Terme” after a relaxing and late breakfast at around **11 AM** and drive about 130 km on nice country roads to Sant’Agata Bolognese where we will have an English guided LAMBORGHINI factory tour through the assembly line at **2 PM**. There we can see how V12 engines and the Huracan and Aventador were built - and we also will visit the museum of Lamborghini Automobili S.P.A..

After this highly interesting experience we will drive 35 km to Maranello and check in to our next hotel “Villa Maranello”, a wonderful small hotel with air conditioned rooms in Downtown Maranello – where we will stay for the next 3 nights.

At **7 PM** we will meet at the lobby and drive together to the restaurant of “Mamma Rosella” behind Ferrari’s Fiorano Race Track, where we will have a wonderful dinner at **7:30 PM** – it’s **THE** hangout of every Formula 1 driver and the favorite restaurant of famous world champion Michael Schumacher – and it’s real name is “Ristorante Montana”.

On **Wednesday, May 17th**, at **9:30 AM** we will leave for the “Museo Casa Enzo Ferrari” in Modena, where we will have an English guided tour through the museum at **10:30 AM**.

After the nice museum visit we will walk a short distance to the American Diner “America Graffiti”, right next to the car factory of MASERATI S.p.A., where we will have a little lunch break.

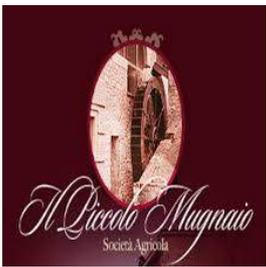

After lunch we will enjoy an interesting English guided factory tour through the MASERATI assembly line, the showroom and the museum.

At **7:30 PM** we'll meet at the hotel lobby and take a taxi for the 6 km to the fabulous Ristorante “Il Piccolo Mugnaio” in Torre Maina for a nice and authentic outback dinner in an old romantic mill - a very natural place to enjoy and have fun – where we sit in the middle of the kitchen while Mamma is cooking and her daughter is serving.

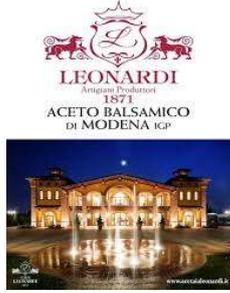

And believe me: a taxi will be needed after Mamma’s wonderful tasty Limoncello..... 😊😊😊

On **Thursday, May 18th**, after breakfast at **9:30 AM** we will drive the short distance of 15 km to the interesting and unique “Collezione UMBERTO PANINI Musée Maserati” in Modena where we will have an English guided tour through the museum and their own cheese factory “HOMBRE Parmigiano Reggiano Modena” at **10.00 AM**.

On our way back to Maranello - after the nice experience of the PANINI Museum - e will stop at “Acetaia Leonardi”, a traditional “Aceto Balsamico Modena” (also called the liquid gold) vinegar factory, where we will have an English guided tour through the factory and enjoy a nice little lunch with typical local delicacies and vinegar tasting.

After this nice and tasty interruption we will visit the great museum of “Galleria Ferrari” in Maranello and will drive our Corvettes to the entrance of the factory and try to make some nice pictures of every Vette with drivers.

At **8 PM** we will enjoy our last evening in Maranello with a nice dinner at our hotel owned and highly recommended Ristorante “Retro Gusto”.

On **Friday, May 19th**, we will leave Maranello around **10:30 AM** for our way to Lago di Garda. In about 15 km after Maranello we will make a stop at the one and only PAGANI Automobili S.P.A. in Modena, where we will have an English guided tour through the factory at **11:30 AM**.

Pagani is a small volume manufacturer of one of the most expensive 12-cylinder sports cars worldwide.

“...so everything had to come together as if it was a car carved out of a block of Carrara marble...” said Horacio Pagani about his newest dream car project – the Huayra Roadster. With a lot of luck we even might see Signore Horacio Pagani himself.

Our arrival in Sirmione - a lovely peninsula village directly “in” the lake with a romantic and historical castle named “Castello Scagliero” – will be in the afternoon.

To reach our nice hotel we need to **drive in a convoy over the drawbridge of the fortress and the pedestrian zone through the old town of Sirmione** where all locals and visitors of Sirmione can salute our Vettes. Italians love the sound of loud exhausts and burnouts,not sure if tourists also do.... I strongly doubt German tourists will do ;-)

This is such a powerful experience full of pure adrenaline and joy ☺

We will move in to the beautiful 4**** Hotel "Olivi Thermae & Natural Spa" just behind the old town of Sirmione (the old town is within 10 minutes walking distance) where we will spend 2 nights. The hotel has excellent reviews, a very good location directly at the Lake Garda and has a large SPA area and nice airconditioned rooms.

The Hotel "Olivi Thermae & Natural Spa" is one of the few hotels with its own private car parking lot. Most other hotels in the old town area offer their guests only parking spaces in the city's public car parking lots.

If we are early enough in Sirmione - between 3 PM and 4 PM – we can explore the village, go shopping, have coffee and ice cream, make a boat trip or use the SPA area of the hotel before dinner. The afternoon is at your disposal.

At **8 PM** we all will go for dinner to the beautiful Ristorante "L'Arcimboldo" in Downtown Sirmione - a 5-minute walk to a nice place with very good and authentic Italian food. If the weather is nice and warm we certainly will dine on their lovely waterfront terrace.

On **Saturday, May 20th**, there are 2 possibilities – since it is too early to get the date for the “Mille Miglia” race (before the Corona pandemic it was always on the 3rd weekend in May – since 2020 the date has always changed.... so we cannot guarantee) we offer 2 options – depending if the Mille Miglia race will take place or not.

Option 1:

If the Mille Miglia takes place on this weekend the morning and noon is at your own disposal where you can do whatever you like to do. **At 1 PM** we will meet at a VIP catering tent in the Mille Miglia pit stop area (big parking lot) in front of the Castello Scagliero where we will have a wonderful brunch together while we watch the race from the best available and most comfortable seats. At around 1.30 PM the first cars will appear in Sirmione and we will be part of the exciting spectacle of more than 400 historical race cars from 1927 to 1957. If you have never experienced this before, you cannot imagine the atmosphere that comes from this race. The last car will leave Sirmione at around 6 PM. Since we will enjoy a great all-you-can-eat-and-drink brunch with Italian food and drink specialties the whole afternoon while we watch the race, we won't go out for dinner but meet at the hotel bar or have a drink together somewhere in the beautiful village of Sirmione.

Option 2:

In case **the Mille Miglia doesn't take place on that weekend** we will meet at the lobby at **9:30 AM** after a great breakfast and walk together to Sirmione harbor where we take a ferry boat to lovely Bardolino, a lively wine town on the Olive Riviera of Lake Garda.

Thanks to the light, sparkling red wine, the small town of Bardolino is on everyone's lips. It grows in the hilly hinterland of the former fishing village, which today exudes a rather urban atmosphere. The open old town with its wide streets, numerous shops and long promenade invite you to stroll. We will have a nice lunch break in one of their outside seating restaurants or cafés and enjoy a refreshing glass of Bardolino or some ice-cream.

After a nice stay in Bardolino we again hop on a boat in the afternoon and go either to Garda or Lazise - both are wonderful romantic fishing villages with a historic old town.

Garda is located between the huge rock Rocca and the very beautiful peninsula San Virgilio. A very beautiful and varied vegetation is native to the Bay of Garda. Cypresses, olive trees, myrtle and also oleanders grow here. Garda has many romantic corners, but also the bustle in the city center. During the Roman period, the place was called the "pearl" of the lake. The Lake Garda is named after the city of Garda.

Lazise is a picturesque small town on the south-eastern shore of Lake Garda, which harmoniously combines history and the present. The old city wall with all its towers and gates surrounds Lazise like a protective wall. And right in the middle, squares and narrow alleys leave enough space to offer the wide promenade enough space to the beach.

After an exciting day we will return to Sirmione by boat in the early evening where we will have dinner either at Ristorante "L'Accanto" on the main place at the pier of Sirmione, Piazza Carducci – or at Ristorante "Il Girasole" on our way back to Hotel Olivi – or at the hotel restaurant "Degli Ulivi" – or again at lovely "L'Arcimboldo" – around **7 PM**.

On **Sunday, May 21st**, after a relaxed breakfast on the lovely terrace of Hotel Olivi we will drive the breathtaking scenic road along Lake Garda direction North (Riva del Garda). On our wonderful curvy ride along the lake through the romantic fishing villages Peschiera del Garda, Bardolino, Lazise, Garda and Torri del Benaco we will stop at the hip bar and gelateria "Barino 2.0" for a little relaxing waterfront coffee or ice cream break.

After this nice stop we will follow the lake up north and enter the Autostrada in Rovereto South on our way to **Bolzano** (Italian) or **Bozen** (German), the capital city of South Tyrol in the German speaking region in the northern part of Italy. Bolzano is the largest city in the region. Its archaeology museum is famous worldwide as the home of the alpine iceman "Ötzi". It is also known as the Italian Capital of Christmas thanks to its characteristic Christmas market. Bolzano's population is around 100,000 (140,000 including the metropolitan area). 25% of inhabitants speak German as their mother tongue, which is much higher in the non-urban parts of the province (up to more than 90% in some areas), making the city and province officially bilingual.

Together with Innsbruck, Bolzano is officially the capital of the Alps because the seat of the Alpine Convention is there. The world-famous Museum of Archaeology with the Iceman and the Messner Mountain Museum's main seat make Bolzano a world city of mountaineering history and culture.

We will check in to the wonderful Downtown “Parkhotel Laurin” in the center of the beautiful lively city Bolzano in Alto Adige, where we also will have dinner together in the nice restaurant of our hotel. But before dinner there’ll be enough time to walk through beautiful downtown Bolzano and maybe have a “gelato” or espresso at Walter’s Place.

On **Monday, May 22nd** after a nice long breakfast and – if desired – another nice (shopping) walk through the city we will go back to Munich and check in to the nice BEST WESTERN PLUS Hotel ERB for your very last night in Europe.

In the evening we will pick you up at **7 PM** with a van or a bus – so that everyone can enjoy one (or more) glass(es) of wine or prosecco - and visit our friends Eleonora & Giuseppe and their beautiful authentic Italian Ristorante

“Modesto’s” for a wonderful farewell dinner as a very last greeting from Bella Italia 

I wish you a pleasant flight back home and hope to see you again very soon on one of my next tours.

All the best, Mandy

Routes, times, certain destinations and events – and sometimes also hotels – are subject to change due to unforeseen incidents, possible COVID-19 restrictions, weather conditions or changes made by third parties of individual events. In the unlikely case we have to change a hotel we will always provide at least the same or an even better category.

THE DATE AND SCHEDULE FOR THE 2023 MILLE MIGLIA RACE ARE SUBJECT TO CHANGE.

Since the Mille Miglia Organizers won't release the date and schedule for the race before end of 2022, I am not able to promise you our participation at the Mille Miglia race.

From previous years and experience it should be the correct date and schedule – but since 2020 everything changed due to COVID. So please don't be disappointed – we have no influence whatsoever. Anyway, we recommend NOT to book the associated flights too early – if the Mille Miglia date changes just by a few days we also might change the schedule by a few days, if the majority of the participants are in favor.

PLEASE NOTE:

Not every hotel in Italy, Germany and Austria has air conditioning but we do our best to satisfy you.

You should be in good health and able to walk stairs (Venice) and short distances in Italy and in the mountain areas.

General Terms and Conditions

1. Services / Performance

Palm Island Car Tours (hereinafter referred to as PICT) organizes guided adventure tours and road trips for self-drivers with rented sports cars - mostly of the Chevrolet Corvette brand - as well as for travelers with their own vehicle. The scope of the services is described in detail in the offer brochure. PICT reserves the right of changes to individual travel services, which become necessary after conclusion of the travel contract and do not question the overall character of the trip. PICT endeavors to allocate the provided vehicles according to the wishes of the traveler, however a claim to a certain vehicle does not exist.

2. Minimum/maximum age requirement

Participants driving a highly motorized rental vehicle - mediated by PICT - themselves must be at least 30 years of age and in possession of an EU recognized car drivers license for at least ten years when the tour starts. IDP is required in most EU countries. If the participant is older than 75 years, he needs a medical certificate that he is healthy enough to undertake the tour.

3. Registration / Payment

By registering, the travel participant concludes a travel contract with PICT for himself as well as all listed fellow travelers. The contract is concluded with the acceptance by PICT. Upon conclusion of the contract PICT hands out the travel confirmation to the travel participant. Upon registration, a deposit of USD 1,500.00 per traveler must be paid, the remaining travel price must be received by PICT no later than four weeks prior to departure. The terms of payment are given to the travel participant at registration.

4. Liability of the tour operator

PICT is liable for the correctness of the stated travel services as well as a conscientious travel handling. Transportation with external service providers (e.g., bus, train, taxi) is subject to the conditions of the respective carrier. In the event of cancellation of a journey due to Force Majeure, PICT retains the right to appropriate compensation for services already provided or necessary for the travel conditions. The contractual liability of PICT for damages, which are not personal injury, is limited to three times the travel price, as far as a damage of the traveler is neither intentionally nor grossly negligently caused or as far as PICT is responsible for a damage to the traveler alone because of a fault of a service provider. This maximum liability is valid per traveler and journey. PICT is not liable for damages caused intentionally or grossly negligently by the travel participant. PICT is also not liable for any performance disturbances in connection with services that are merely provided as third-party services and that are expressly indicated in the travel advertisement as a third-party service. A claim for damages against PICT is excluded. If PICT is a service provider in other cases, PICT shall be liable in accordance with the provisions applicable to it. The participant is obliged to assist in the event of performance disruptions in order to avoid or minimize any possible damage. In particular, the traveler is obliged to report his complaints immediately to the organizer. He is obliged to provide remedies, if possible. If the traveler culpably fails to report a deficiency, the right to reduction does not apply.

5. Liability of the tour participant

The traveler participates on the journey at his own risk. He is instructed in the handling of the vehicles and is responsible for compliance with the Highway Code and all legal requirements. The traveler is liable for self-inflicted accident and other damage to PICT mediated vehicles up to the amount of excess EURO 5,000 (ca. USD 6,000) per claim. The participant is liable without limitation if he caused the damage by intent or gross negligence or if the damage was caused by alcohol or drug-related unfit driving, in case of accident or proven improper handling of the mediated by PICT vehicle.

6. Cancellation / rebooking of the client

PICT recommends the conclusion of a travel cancellation insurance. The cancellation fees vary depending on the length, type and destination / route of the trip, so please refer to the respective offer brochure. The resigned participant is at liberty to prove that PICT did not incur any damage or a significantly lower damage than the lump sum demanded by him. The travel participant may request that a third party (substitute) enter into the rights and obligations of the travel contract. PICT can only object to the change in the person if there are important reasons (for example, lack of availability of two single rooms instead of a double room). A refund for unused services is not made, this applies in particular to the untimely arrival at the start of the journey

or for early departure. In this case, PICT reserves the right to charge separately for any additional expenses (for example, for an additional lodging or transfer).

7. Cancellation of the tour organizer

PICT may terminate the travel contract without notice, if the journey is permanently disturbed by the travel participant or if a permanent improper treatment of the vehicles brokered by PICT is detected. Any additional costs for the return journey shall be borne by the excluded traveler. PICT retains the right to the travel price with deduction of saved travel expenses. PICT shall be entitled to terminate a travel contract up to four weeks prior to departure, if its execution is unreasonable for PICT after exhausting all possibilities, because the costs incurred in the event of execution exceed the economic limit of the victim's travel costs if PICT is not responsible for the circumstances leading to the cancellation and proves the circumstances. If the trip is canceled for this reason, without the traveler claiming the alternative service, he will receive the paid travel price back immediately.

8. Safety

The PICT routes are carefully selected routes that usually take place on minor roads. Sections with higher traffic such as highways are possible and depending on travel route also necessary. The vehicles used by PICT are regularly maintained and are in excellent technical conditions. They comply with all legal regulations in all aspects. The tour operator strives to carry out the PICT tours to the complete satisfaction of the participants. The presence at the instruction for the use of the vehicles is obligatory for all participants, who drive one thru PICT provided vehicle. All instructions given by the tour management to the participants are binding.

9. Insurance

Included in the travel price are the motor vehicle liability insurance, a fully comprehensive insurance with a deductible of € 5,000 (ca. \$ 6,000) and a passenger accident insurance. In case of damage, the tour guide must be informed immediately. The conditions of the insurance contract can be viewed by the travel participant at PICT. The travel price does not include the baggage and travel cancellation insurance. PICT recommends that you conclude a travel insurance, especially one with rental car damage protector.

10. General provisions

Claims against PICT must be made in writing no later than one month after the end of the trip at the registered office of the organizer. After expiry of the period, the participant may only assert claims if he has been prevented from observing the deadline without fault. Contractual claims for damages become time-barred after two years. PICT informs the participants of the journey about passport, visa and health regulations and requirements of the traveled countries as well as their possible changes before their departure. The participant is responsible for the observance of all important regulations for the realization of the journey. All disadvantages, in particular the payment of cancellation fees, resulting from the non-compliance with these regulations are at the expense of the customer, unless they are caused by culpable misinformation or non-information of PICT. All costs not included in the tour price, such as warnings (fines), are indicated separately in the offer brochure. Verbal agreements require the written confirmation to be effective. The participant can sue PICT only at its seat. FAQ

Does the tour include airfare?

No. I wanted to include it first but I found out that many people like to use a special airline where they collect miles - and sometimes people also want to arrive earlier before the tour starts and leave later as they want to travel on their own to other places before or after our tour. So it does not make sense to book their tickets – everybody can book however they want as long as they have arrived at the start of our tour.

What city and European Country does the tour start and where does it end?

The tour officially starts in Munich, Germany and also ends in Munich. We will have a dinner together at the day of your arrival, where we meet everyone for the first time, and there we will have an important tour briefing including all the traffic rules driving in Germany, Austria and Italy. Please stay and listen closely to the instructions.

What should I bring?

A travel light and/or a flashlight won't be bad. Since we do not know in advance what types of Corvettes (C7 or C8, Coupe or Convertible) we will get: Please remember that you do not bring more luggage than EASILY fits in the car – don't forget that you might go shopping in Italy. (The C7 convertible trunk and C8 convertible and coupe trunk & frunk space is smaller than the C7 coupe trunk space – **C7 Coupe 15 cubic-feet/425 L, C7 Convertible 10 cubic-feet/283 L vs C8 Coupe 12.6 cubic-feet/356.8 L, C8 Convertible 10 cubic-feet/283 L**). Also bring a warm jacket (just in case...). There's no dress code anywhere but maybe you want to bring a nicer evening outfit for the fine restaurants – BTW no shorts are allowed at the "Restaurant 1915" in Abano. The tour includes polo-shirts for both the lady and the man – please tell me your sizes and preferred colors.

How's the weather in Germany, Austria and Italy in May?

Normally the weather in May is quite nice in Germany with an average temperature of around 20°C / 68F, Austria can be a little cooler but Italy normally is around 24°C / 75F – could also be cooler or warmer.....

What are the speed limits in Germany, Austria and Italy?

It depends on what road you drive... At the German Autobahn (highway) – if there is no speed limit shown – you can drive as fast as you like. It's the law that slower traffic has to keep on the right lane while the left lane is the passing lane. It's not allowed to drive slowly on the left lane. If a speed limit is shown it is meant to all lanes. On a country road in Germany – if there is no special speed limit sign – the limit is 100 km/h (62 mph).

In Austria the speed limit on highways is between 100 km/h and 130 km/h – it is shown on the traffic monitoring system. On country roads rules are the same as in Germany. Speeding fines are very high comparing to Germany.

In Italy the speed limit on Autostradas (highways) is between 110 km/h and 130 km/h (sometimes even 150 km/h) – it is also shown on the traffic monitoring system. On country roads the speed limit is 90 km/h (56 mph). Speeding is also very expensive in Italy but in the over 40 years I have my driver license I have never been stopped for speeding in Italy. Driving in Italy is „narrow“ but ok - traffic flows and you'll go with the flow. But they now have Autostrada cameras so be very careful – speeding is extremely expensive in Italy – even more expensive than in Austria.

Is security an issue in Italy?

Not where we are going. All our hotels where we stay and places we visit are very safe and we won't go to any unsafe places, so don't worry at all. For the rented Corvettes we will have garages or guarded parking everywhere. BUT: Never leave any personal items like purses, handbags, cell phones, cameras and other valuable things – or things that look like it – visible in the car – it could attract thieves to smash the windows and break into the cars.

I do not speak German or Italian, how will I get along?

Most of the Germans, Austrians and Italians speak English. You'll also learn to communicate with hands and feet.

Do I need an International Driver License / International Driving Permit (IDP)?

Not in Germany, but required in Italy and Austria. You can easily apply for it and buy an International Driver License / Permit (IDP) for USD 20.00 at AAA or CDN 25.00 at CAA. Please see page 16 for details.
