CORVETTE - TOUR

to BMW World & MOTORWORLD Munich, Mercedes-Benz & Porsche Museum Stuttgart, Lake Constance, World Famous German Castles Neuschwanstein & Hohenschwangau, Lake Koenigssee – Germany
Gerlos, Grossglockner High Alpine Road, Kitzbuehel, Salzburg – Austria
and OKTOBERFEST Munich

September 16th – October 1st, 2022

This two week trip will take us on an exciting Corvette tour through Germany and Austria with a visit of the great German car museums of BMW, Mercedes-Benz and Porsche and the Oktoberfest in Munich as a nice tour end.

You will arrive at Munich Airport, Germany, on **Friday, September 16th**, where I will pick you all up and bring you to the beautiful "Gutsgasthof Stangl" for your first 2 nights. After checking in and selecting your favorite Corvette, which will be brought to the hotel in the afternoon, we will visit a friend's Classic Car dealership – MIRBACH & SCHUTTENBACH AUTOMOBILE – and look at their stunning inventory and collection.

After a nice and interesting afternoon we will enjoy a nice dinner at the hotel's wonderful restaurant or romantic garden.

On **Saturday, September 17th**, after a great breakfast we will start our engines and drive to the architecturally and exhibition-wise interesting “BMW World” in Munich, where we will spend a few exciting hours and enjoy a little lunch break in the middle of nice BMW cars.

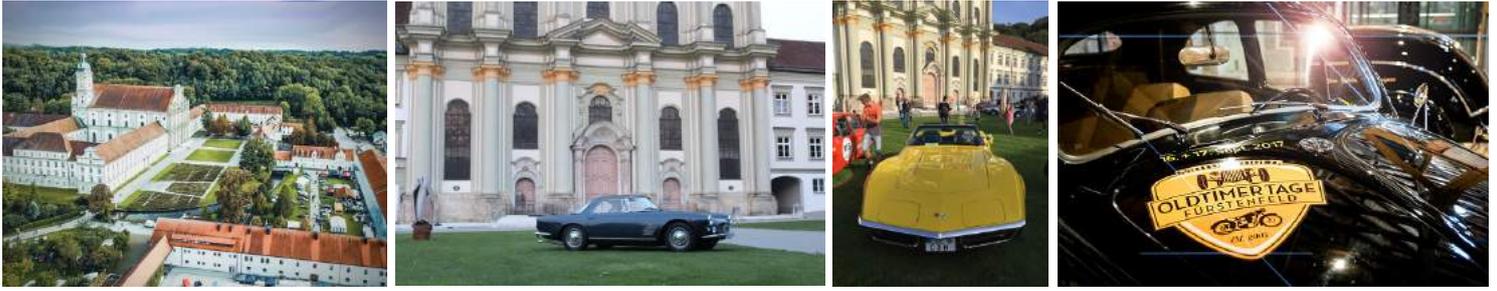

In the afternoon we will visit the newly opened MOTORWORLD Munich and have a nice dinner in one of their unique restaurants, the “Motorworld Inn”.

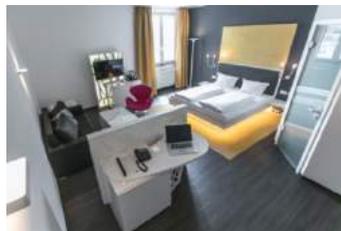

After a great and interesting day we will go back to our hotel “Gutsgasthof Stangl” and enjoy a relaxing nightcap at their bar before we fell asleep for our last night in Munich.

On **Sunday, September 18th**, after a great early breakfast, we will „saddle our horses“ at **9 AM** and head northwest to Fuerstenfeldbruck, where we will enjoy a beautiful day at one of the nicest classic car events of the year – the “Motorworld Oldtimerdays Fuerstenfeld” in the wonderful scenery of the baroque Fuerstenfeld Abbey, a former Cistercian monastery, built 1691-1723 and inhabited by the Wittelsbachs.

After a nice lunch break at the Oldtimer festival we will drive around 300 km on the German Autobahn to Sinsheim where we will have dinner and spend the night at “Hotel Sinsheim”.

On **Monday, September 19th**, after a relaxing breakfast, we will visit the extraordinary and exciting Car & Technology Museum Sinsheim – one of the most unique museums worldwide where we can discover the milestones of technical history: What record did the Blue Flame set? What is the cubic capacity of the Brutus experimental vehicle? How big is the largest dance hall organ in the world, and who has really got the edge? Visit the original Tupolev TU 144 and Air France Concorde – which you can enter and explore inside. In addition to the supersonic jets and other aircrafts that you can walk right up and into, there is even more: hundreds of elegant highly horse powered motorcycles, racing sports cars, US vintage cars, colorful dragsters, powerful agricultural machines, Formula-1 legends, nostalgic racing bikes, huge steam locomotives, extensive militaria and special exhibitions.

After the interesting experience at the museum we will drive around 70 km to Stuttgart-Zuffenhausen and try to get an English speaking guided factory tour through the 911 / 718 assembly line – since they did not do it since March 2020 due to COVID they could not tell me if they can do it in September 2022 – but we still have hopes.

However, we will stay at the wonderful “Hotel Zuckerfabrik” in Stuttgart, aro 7 km from Porsche, for the next 2 nights.

On **Tuesday, September 20th**, after breakfast, we go back to Porsche, where we will enjoy an English speaking guided tour through the beautiful and interesting Porsche Museum. We will have a lunch break at their Bistro Boxenstopp.

After a little lunch break we drive the short distance of 9 km to the Mercedes-Benz Museum, where we will also enjoy an English speaking guided tour through the museum.

We will have dinner at restaurant “PILUM”, a unique eating place in an old roman fort, in walking distance to our hotel. If the weather is good and warm enough we can enjoy dinner in their Mediterranean garden terrace.

On **Wednesday, September 21st**, we will leave the first car based days and devote ourselves to the beauty and the sights of the German and Austrian countries.

We will drive a part of the Autobahn and along enjoyable country roads around 170 km to Ludwigshafen at the Lake Constance region (*German: Bodensee*) where we will move in to the nice waterfront hotel “Seehotel Adler”. There we will stay for a relaxing afternoon and night on our way along the lake to the world famous royal castles of King Ludwig II of Bavaria. If the weather is nice and warm, we will enjoy a romantic dinner at the hotel’s lovely waterfront terrace.

The Lake Constance (Bodensee) is the third largest freshwater lake in Central and Western Europe in terms of surface area (and the second largest in terms of volume), after Lake Geneva and (in terms of surface area) Lake Balaton. It is 63 km (39 mi) long, and at its widest point, nearly 14 km (8.7 mi) wide. It covers approximately 536 km² (207 sq mi), and is 395 m (1,296 ft) above sea level. The greatest depth is 252 meters (827 ft), quite precisely in the middle of the

Upper Lake. Its volume is approximately 48 km³ (12 cu mi). 

On **Thursday, September 22nd**, our journey will take us along Lake Constance and the wonderful romantic “Deutsche Alpenstrasse” (German Alp Road) to the city of Füssen, close to two of most famous castles in the world – the former homes of King Ludwig II of Bavaria where we will walk on the trail of the so called „Fairy Tale King“. The “Deutsche Alpenstrasse” is one of the most attractive federal highways in Germany. Starting in the west at Lake Constance, the route crosses the Allgäu Alps with the Illertal near Sonthofen and the Oberjochpass in the east.

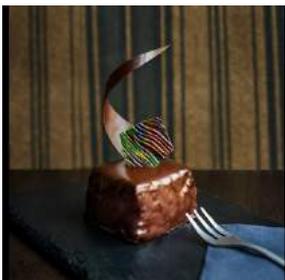

Ludwig II (Ludwig Otto Friedrich Wilhelm; 25 August 1845 – 13 June 1886) was King of Bavaria from 1864 until his death in 1886. He is sometimes called the **Swan King**, **Mad King Ludwig** or **Der Märchenkönig** ("The Fairy Tale King"). He also held the titles of Count Palatine of the Rhine, Duke of Bavaria, Duke of Franconia and Duke of Swabia.

We will move into the wonderful small luxury “Hotel Sonne Füssen” in Downtown Füssen in the Allgäu Alps, only 3 km away from Neuschwanstein Castle and Hohenschwangau Castle.

We will take a little walk through beautiful old town of Füssen before we will enjoy a great dinner in our hotel owned and highly recommended restaurant RIWA – named after the famous German composer **Richard WAgner** (1830-1883).

On **Friday, September 23rd**, after a mystic night and a great breakfast we will visit the world’s most famous castle „Neuschwanstein“ by bus or horse carriage and walk the “Marienbrücke” across the castle for the best view.

The most photographed building in Germany, Neuschwanstein Castle, is also one of Europe's most popular tourist destinations. Nestled among the breathtaking beauty of the Bavarian Alps near the town of Füssen, this fairy-tale castle served as the inspiration behind Walt Disney's Sleeping Beauty Castle. Constructed in the late 1800s, Neuschwanstein was never built for defense purposes as most castles. It was created as a fanciful retreat for Ludwig II of Bavaria. Dazzling chandeliers and beautiful paintings adorn every room in the castle while the third floor is devoted to Ludwig's fascination of swan scenes from operas by the famous composer Richard Wagner, whom Ludwig deeply admired.

Maximilian II, father of Ludwig II, discovered Hohenschwangau Castle when he was still the Crown Prince. The vicinity in which he found it pleased him immensely. In spite of it being in ruins, he bought the castle and had it renovated. When the work was complete, Maximilian used it as a hunting lodge, and for a summer palace. Ludwig II reigned after Maximilian died in 1864. He never married, so his mother remained at this home for the rest of her life. It is located in the village of Hohenschwangau near the town of Füssen.

After exciting insights into the Bavarian history we start our engines again and drive around 200 km along the "Romantische Straße" (Romantic Road) to Austria into the wonderful Tirol region Zillertal where we follow the Gerlos pass road to Gerlos and move into the fabulous luxurious „Traumhotel Alpina“, where we will stay for the next 2 nights. We will arrive just in time for dinner.

The wonderful outstanding Traumhotel Alpina**** and its friendly staff warmly welcomes us Corvette drivers in the midst of the fantastic mountain scenery of the Zillertal in Tyrol, Austria.

A wonderful pool and wellness & sauna area including invites you to relax and unwind so don't forget your bathing clothes. And of course the fun does not come too short 😊 😊 😊

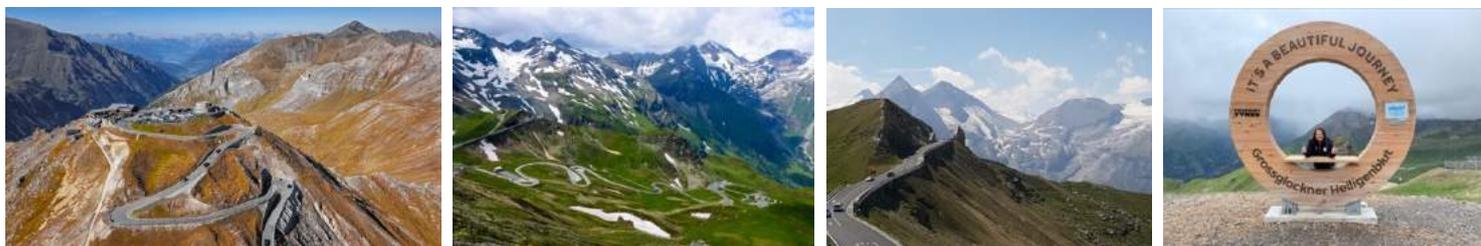

On **Saturday, September 24th**, we have the wonderful and unique opportunity to be present live at one of the biggest spectacles in Gerlos – the annual “Cattle Drive”. Crowds will gather, local people together with holidaymakers and visitors, to line the streets of Gerlos to see fat healthy cattle, decked out in garlands of flowers, returning from a summer's grazing on lush upland pastures.

Between 9 am and 2 pm, the herds will parade through the streets and go to their home stables under big applause of the audience. The traditional homecoming is celebrated with a huge festival in Gerlos. Brass bands are out in force as well and the streets become full of people in traditional Tirolean lederhosen and dirndl costumes. Stalls are set up in the streets, selling all sorts of authentic Tirolean crafts as well as specialties and refreshments. The whole village of Gerlos is one big party with music, dance, food and drinks.

On **Sunday, September 25th**, after a first class breakfast and delightful 2 days in Gerlos, we will leave the wonderful Hotel Alpina at around **10 AM** to drive one of the most famous and most spectacular mountain roads in the world, the **Grossglockner High Alpine Road**.

The 48 km long **Grossglockner High Alpine Road** is the highest surfaced mountain pass road in Austria. It connects Bruck in the state of Salzburg with Heiligenblut in Carinthia via Fuscher Törl and Hochtörl Pass at 2,504 meters (8,215 ft). The road is named after the Grossglockner, Austria's highest mountain. Built as a scenic road, a toll is assessed for passage. This alpine road is one of the highest driving pleasures worldwide – every kilometer and every single one of the 36 turns is a treat for car and mountain lovers 😊

The **Grossglockner** is, at 3,798 meters (12,461 ft) above the Adriatic, the highest mountain in Austria and the highest mountain in the Alps east of the Brenner Pass. The Pasterze, Austria's most extended glacier, lies on the Grossglockner's eastern slope. We will have lunch at Europe's highest restaurant, the Kaiser-Franz-Joseph-Haus.

After lunch break we will continue to follow the Grossglockner High Alpine Road, turn around at the end and drive it again back to Mittersill, where we will move in to the fantastic historic castle "Schlosshotel Mittersill", a four-star superior hotel, which overlooks the picturesque Salzach Valley – for the next 2 nights. There couldn't be a more beautiful location for a castle! We will enjoy an exquisite royal dinner in their mystic arch cellar.

On **Monday, September 26th**, after a royal breakfast, we leave the castle at around **11 AM** and drive the Jochberg pass road around 50 km to Söll am Wilden Kaiser where we will take the cable car (gondola) and go up to Austria's most beautiful mountain with a breathtaking view – the 1,828 m above sea level high "Hohe Salve", also called *The Rigi of Tyrol*. In fine weather it has a magnificent 360° panoramic view over more than 73 peaks over 3,000 m – such as the High Tauern and Zillertal Alps, as well as the Wilder Kaiser, which lies directly to the North of the Hohe Salve. Also the Grossglockner and Großvenediger can be seen from here. And the highest church of Austria is located at the Hohe Salve. We will have a lunch break at their beautiful rotation terrace or restaurant "Umadum Stubn".

After lunch break – on our way back to the castle – we park our Corvettes in the famous mountain village Kitzbühel – the place where one of the worlds most famous downhill ski races on the extremely dangerous steep ski slope – the “Streif” – takes place every year and explore the beautiful and colorful Old Town of “Kitz”.

Anyone who would rather take the “day off” from driving and relax at the wellness and spa area of our castle can certainly do that. We will be back in the hotel at around 5 PM and looking forward to another perfect castle dinner.

On **Tuesday, September 27th**, after breakfast we will be on our way to Salzburg - on beautiful country roads via Zell am See, Saalfelden to Schönau am Königssee in the Berchtesgaden National Park. We will take a break at Koenigssee and take a boat to St. Bartholomä where we will visit the world-famous pilgrimage church on a peninsula at the westbank of Lake Königssee and at the foot of the Watzmann east face. If their beergarden is open we can have lunch or drinks. The Königssee area is one of the most beautiful and mystical landscapes in Bavaria.

After the nice afternoon we will drive 35 km on country roads and part of the interstate Tauern freeway to Salzburg where we will stay one of the most exciting hotels in Salzburg, the “COOL MAMA Sky Hotel”. We will move in exclusive corner rooms for the next 2 nights with a free-standing bathtub by the window, on the higher floors, with a fantastic view of Salzburg's old town and the Salzburg Fortress. We will have dinner at their lovely Sky Restaurant and a drink at the Sky Bar before we fell in a heavenly sleep.

On Wednesday, September 28th, after a hearty breakfast, we will take a taxi to Salzburg Downtown where we will explore the world's famous shopping mile "Getreidegasse" and see Wolfgang Amadeus Mozart's birth house – and visit the landmark in the heart of the city of Mozart - the Hohensalzburg Fortress - an imposing castle complex from the 11th century high above the baroque towers of the city.

After the interesting walk through Salzburg we will again take a taxi to „Red Bull Hangar 7“ at Salzburg Airport, which is a unique building housing a collection of historic Flying Bulls aircraft and Formula 1 racing cars. In addition, Hangar-7 offers space for art exhibitions and, with its Ikarus restaurant, two bars, an outdoor lounge and a café, is not only an event location but also a meeting point for art lovers and connoisseurs.

On **Thursday, September 29th**, after a great breakfast, we leave Salzburg and go back to Munich where our journey has begun 2 weeks ago.

We will check in to nice Best Western PLUS Hotel ERB for your last 2 nights. We will have dinner either in the nice hotel restaurant "Alm Grill" or at our friend's – Eleonora and Giuseppe – very good authentic Italian restaurant "Modesto's".

On **Friday, September 30th**, we will pick you up after breakfast at 10 am and go by bus or train to Munich city where we will visit the one and only real authentic **OKTOBERFEST** - the most famous festival in the world. As the culmination of a wonderful tour I have reserved a table for us in one of the best „beer tents“ (beer halls) of the Oktoberfest, where we will enjoy a typical Bavarian "Wies'n" Lunch with Beer, grilled Chicken and a Big Bavarian Pretzel (or anything else you like). We will spend the day at the Oktoberfest and will have a lot of fun together.

On **Saturday, October 1st** we will pick you up at the Best Western Plus Hotel ERB and bring you back to Munich airport.

After around 2,000 nicely driven kilometers and a lot to see and experience, we say Good-Bye to all of you with a hearty „PROST“ and wish you all a comfortable and save flight back to your home base in the US or Canada.

Hope you enjoyed the tour and to see you and your friends again soon on one of my Corvette tours through Europe.

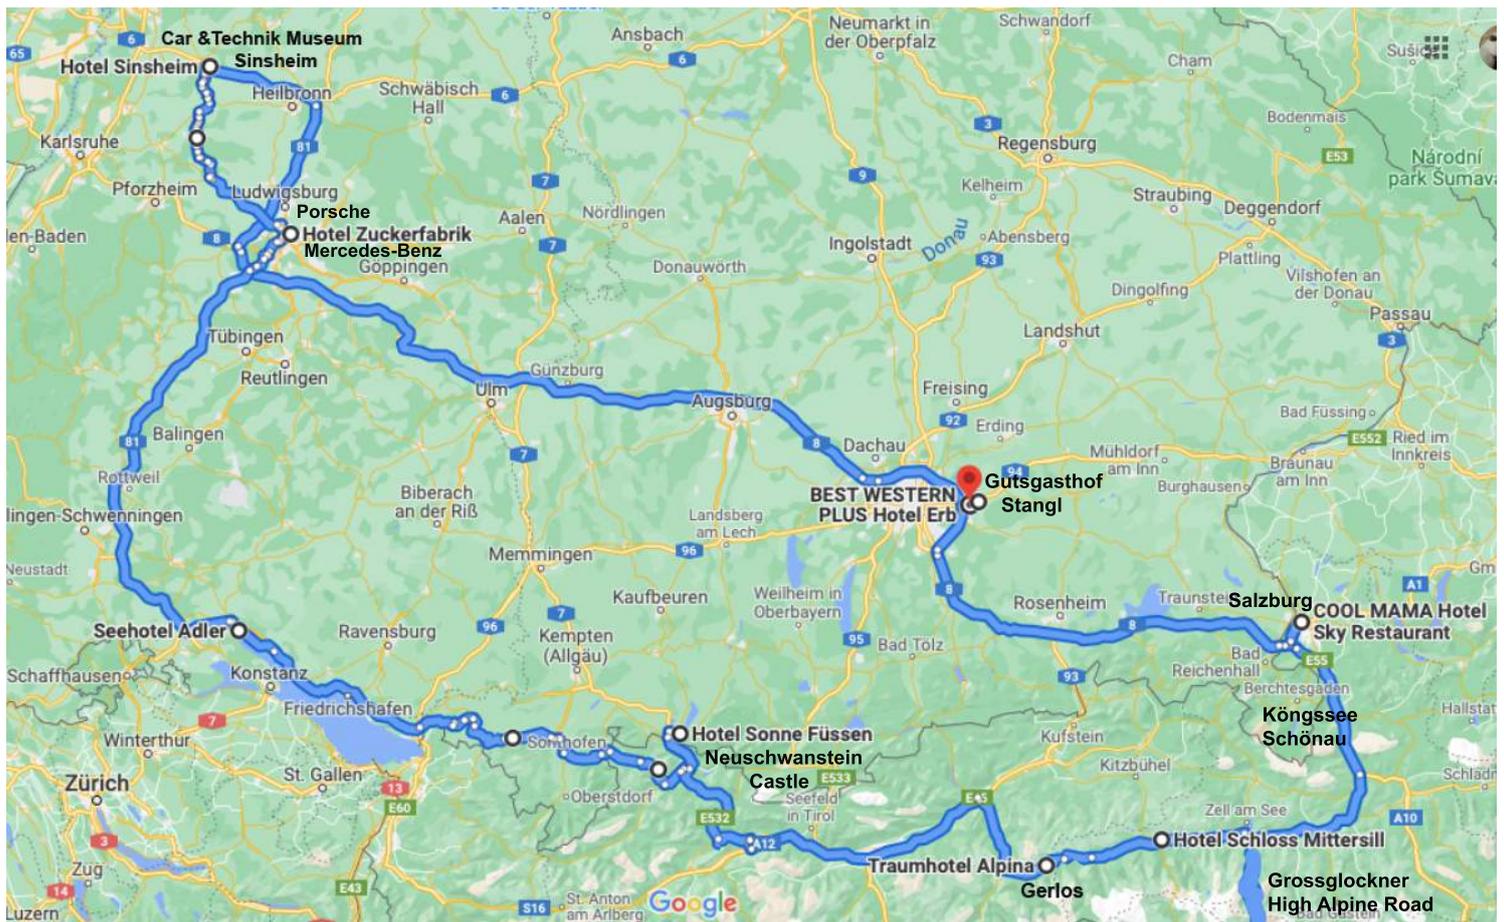

All the best, Mandy

In the unlikely case we have to change a hotel we will always provide at least the same or an even better category.

FAQ

Does the tour include airfare?

No. I wanted to include it first but I found out that many people like to use a special airline where they collect miles - and sometimes people also want to arrive earlier before the tour starts and leave later as they want to travel on their own to other places before or after our tour. So it does not make sense to book their tickets – everybody can book however they want as long as they have arrived at the start of our tour.

What city and European Country does the tour start and where does it end?

The tour officially starts in Munich, Germany and also ends in Munich. We will have a dinner together at the day of your arrival, where we meet everyone for the first time, and there we will have an important tour briefing including all the traffic rules driving in Germany, Austria and Italy. Please stay and listen closely to the instructions.

What should I bring?

A travel light and/or a flashlight won't be bad – just in case. Since we do not know in advance what types of Corvettes (C7 or C8, Coupe or Convertible) we will get: Please remember that you do not bring more luggage than EASILY fits in the car – don't forget that you might do some shopping. (The C7 convertible trunk and C8 convertible and coupe trunk & frunk space is smaller than the C7 coupe trunk space – **C7 Coupe 15 cubic-feet/425 L, C7 Convertible 10 cubic-feet/283 L vs C8 Coupe 12.6 cubic-feet/356.8 L, C8 Convertible 10 cubic-feet/283 L**). Also bring a warm jacket for the mountains. There's no dress code anywhere but maybe you want to bring a nicer evening outfit for the fine restaurants.

The tour includes polo-shirts for both the lady and the man – please tell me your sizes and preferred colors.

How's the weather in Germany and Austria in September?

Normally the weather in September is quite nice in Germany with an average temperature between 16°C and 24°C / 61F – 75F, but in the Austrian mountains it can be a cooler – between 10°C and 18°C / 50F - 64F – but it can also be cooler, especially in the mountains, where the weather can change within minutes.... It may even snow.....

What are the speed limits in Germany and Austria?

It depends on what road you drive... At the German Autobahn (highway) – if there is no speed limit shown – you can drive as fast as you like. It's the law that slower traffic has to keep on the right lane while the left lane is the passing lane. It's not allowed to drive slowly on the left lane. If a speed limit is shown it is meant to all lanes. On a country road in Germany – if there is no special speed limit sign – the limit is 100 km/h (62 mph).

In Austria the speed limit on highways is between 100 km/h and 130 km/h – it is shown on the traffic monitoring system. On country roads rules are the same as in Germany. Speeding fines are very high comparing to Germany.

Is security an issue in Germany and Austria?

No, not at all. All our hotels where we stay and places we visit are very safe and we won't go to any unsafe places, so don't worry at all. For the Corvettes we will have garages or guarded parking everywhere. BUT: Never leave any personal items like purses, handbags, cell phones, cameras and other valuable things – or things that look like it – visible in the car – it could attract thieves to smash the windows and break into the cars – but normally not in Austria, we had that once in Italy.

I do not speak German, how will I get along?

Most of the Germans and Austrians (about 80%) speak English. The younger generations learned it in school since the 1970s. With the older people you will easily learn to communicate with hands and feet ☺ Germans and especially Austrians are very hospitable people.

Do I need an International Driver License / International Driving Permit (IDP)?

You don't need one in Germany when your license is in English language, but it is required Austria and some other European countries. The IDP is not a license but a translation into various languages of the data on your US or Canadian driver license.

For IDP application (USD 20.00 at AAA – CAD 25.00 at CAA) please go to:

General Terms and Conditions

1. Services / Performance

Palm Island Car Tours (hereinafter referred to as PICT) organizes guided adventure tours and road trips for self-drivers with rented sports cars - mostly of the Chevrolet Corvette brand - as well as for travelers with their own vehicle. The scope of the services is described in detail in the offer brochure. PICT reserves the right of changes to individual travel services, which become necessary after conclusion of the travel contract and do not question the overall character of the trip. PICT endeavors to allocate the provided vehicles according to the wishes of the traveler, however a claim to a certain vehicle does not exist.

2. Minimum/maximum age requirement

Participants driving a highly motorized rental vehicle - mediated by PICT - themselves must be at least 30 years of age and in possession of an EU recognized car drivers license for at least ten years when the tour starts. IDP is required in most EU countries. If the participant is older than 75 years, he needs a medical certificate that he is healthy enough to undertake the tour.

3. Registration / Payment

By registering, the travel participant concludes a travel contract with PICT for himself as well as all listed fellow travelers. The contract is concluded with the acceptance by PICT. Upon conclusion of the contract PICT hands out the travel confirmation to the travel participant. Upon registration, a deposit of USD 1,500.00 per traveler must be paid, the remaining travel price must be received by PICT no later than four weeks prior to departure. The terms of payment are given to the travel participant at registration.

4. Liability of the tour operator

PICT is liable for the correctness of the stated travel services as well as a conscientious travel handling. Transportation with external service providers (e.g., bus, train, taxi) is subject to the conditions of the respective carrier. In the event of cancellation of a journey due to Force Majeure, PICT retains the right to appropriate compensation for services already provided or necessary for the travel conditions. The contractual liability of PICT for damages, which are not personal injury, is limited to three times the travel price, as far as a damage of the traveler is neither intentionally nor grossly negligently caused or as far as PICT is responsible for a damage to the traveler alone because of a fault of a service provider. This maximum liability is valid per traveler and journey. PICT is not liable for damages caused intentionally or grossly negligently by the travel participant. PICT is also not liable for any performance disturbances in connection with services that are merely provided as third-party services and that are expressly indicated in the travel advertisement as a third-party service. A claim for damages against PICT is excluded. If PICT is a service provider in other cases, PICT shall be liable in accordance with the provisions applicable to it. The participant is obliged to assist in the event of performance disruptions in order to avoid or minimize any possible damage. In particular, the traveler is obliged to report his complaints immediately to the organizer. He is obliged to provide remedies, if possible. If the traveler culpably fails to report a deficiency, the right to reduction does not apply.

5. Liability of the tour participant

The traveler participates on the journey at his own risk. He is instructed in the handling of the vehicles and is responsible for compliance with the Highway Code and all legal requirements. The traveler is liable for self-inflicted accident and other damage to PICT mediated vehicles up to the amount of excess EURO 5,000 (ca. USD 6,000) per claim. The participant is liable without limitation if he caused the damage by intent or gross negligence or if the damage was caused by alcohol or drug-related unfit driving, in case of accident or proven improper handling of the mediated by PICT vehicle.

6. Cancellation / rebooking of the client

PICT recommends the conclusion of a travel cancellation insurance. The cancellation fees vary depending on the length, type and destination / route of the trip, so please refer to the respective offer brochure. The resigned participant is at liberty to prove that PICT did not incur any damage or a significantly lower damage than the lump sum demanded by him. The travel participant may request that a third party (substitute) enter into the rights and obligations of the travel contract. PICT can only object to the change in the person if there are important reasons (for example, lack of availability of two single rooms instead of a double room). A refund for unused services is not made, this applies in particular to the untimely arrival at the start of the journey

or for early departure. In this case, PICT reserves the right to charge separately for any additional expenses (for example, for an additional lodging or transfer).

7. Cancellation of the tour organizer

PICT may terminate the travel contract without notice, if the journey is permanently disturbed by the travel participant or if a permanent improper treatment of the vehicles brokered by PICT is detected. Any additional costs for the return journey shall be borne by the excluded traveler. PICT retains the right to the travel price with deduction of saved travel expenses. PICT shall be entitled to terminate a travel contract up to four weeks prior to departure, if its execution is unreasonable for PICT after exhausting all possibilities, because the costs incurred in the event of execution exceed the economic limit of the victim's travel costs if PICT is not responsible for the circumstances leading to the cancellation and proves the circumstances. If the trip is canceled for this reason, without the traveler claiming the alternative service, he will receive the paid travel price back immediately.

8. Safety

The PICT routes are carefully selected routes that usually take place on minor roads. Sections with higher traffic such as highways are possible and depending on travel route also necessary. The vehicles used by PICT are regularly maintained and are in excellent technical conditions. They comply with all legal regulations in all aspects. The tour operator strives to carry out the PICT tours to the complete satisfaction of the participants. The presence at the instruction for the use of the vehicles is obligatory for all participants, who drive one thru PICT provided vehicle. All instructions given by the tour management to the participants are binding.

9. Insurance

Included in the travel price are the motor vehicle liability insurance, a fully comprehensive insurance with a deductible of € 5,000 (ca. \$ 6,000) and a passenger accident insurance. In case of damage, the tour guide must be informed immediately. The conditions of the insurance contract can be viewed by the travel participant at PICT. The travel price does not include the baggage and travel cancellation insurance. PICT recommends that you conclude a travel insurance, especially one with rental car damage protector.

10. General provisions

Claims against PICT must be made in writing no later than one month after the end of the trip at the registered office of the organizer. After expiry of the period, the participant may only assert claims if he has been prevented from observing the deadline without fault. Contractual claims for damages become time-barred after two years. PICT informs the participants of the journey about passport, visa and health regulations and requirements of the traveled countries as well as their possible changes before their departure. The participant is responsible for the observance of all important regulations for the realization of the journey. All disadvantages, in particular the payment of cancellation fees, resulting from the non-compliance with these regulations are at the expense of the customer, unless they are caused by culpable misinformation or non-information of PICT. All costs not included in the tour price, such as warnings (fines), are indicated separately in the offer brochure. Verbal agreements require the written confirmation to be effective. The participant can sue PICT only at its seat. PICT 's claim against the traveler is governed by the latter' s domicile, unless the action is directed against registered traders or persons who have moved their domicile or habitual residence abroad after the conclusion of the contract or whose domicile or habitual residence is at the time of Action is not known. In these cases, the seat of PICT is authoritative.

11. Ineffectiveness

The ineffectiveness of individual provisions of the travel contract does not result in the ineffectiveness of the entire travel contract.
