Grossglockner High Alpine Road, “Sports Cars Season Opening” in Gerlos – AUSTRIA

June 7th – 20th, 2022

This wonderful 2-week-trip will take us on an exciting Corvette Road-Trip through Italy with a visit of factories and museums of all major Italian car manufacturers and to our fabulous “Sports Cars Season Opening” in Gerlos, Austria.

You will arrive at Munich Airport, Germany, on **Tuesday, June 7th** where we will pick you up and bring you to the nice “Best Western Plus Hotel ERB”, where you will meet the other participants of this tour and get your Corvette.

Until it's time to go for dinner you can relax from the long flight, enjoy the hotel owned spa area “Almdorf SPA” with 5 different saunas and a steam bath, take a drink at the hotel bar and meet your fellow Corvette travelers or go shopping at the many outlet stores of “Parsdorf City”, which is in walking distance. We will have dinner in the hotel restaurant “Almgrill”, together with the participants who already spent a week with us at the Corvette Convention.

On **Wednesday, June 8th** we will leave “Hotel ERB” at **10 AM**. We will drive a short distance on the German Autobahn A99 / A8 to exit Holzkirchen and then ride the nice country roads (100 km) along the beautiful Lake and Village Tegernsee to Lake Achensee. At the Achenpass we will enjoy a nice lunch break around noon in the nicely located Restaurant “Kanzelkehre” on their beautiful terrace overlooking the mountains. After lunch we drive 160 km on country roads and Austrian and Italian highways to Bolzano in South Tyrol, Italy.

Bolzano (Italian) or **Bozen** (German) is the capital city of South Tyrol, the German speaking region in the northern part of Italy. Bolzano is the largest city in the region. Its archaeology museum is famous worldwide as the home of the alpine iceman "Ötzi". It is also known as the Italian Capital of Christmas thanks to its characteristic Christmas market. Bolzano's population is around 100,000 (140,000 including the metropolitan area). 25% of inhabitants speak German as their mother tongue, which is much higher in the non-urban parts of the province (up to more than 90% in some areas), making the city and province officially bilingual.

Together with Innsbruck, Bolzano is officially the capital of the Alps because the seat of the Alpine Convention is there. The world-famous Museum of Archaeology with the Iceman and the Messner Mountain Museum's main seat make Bolzano a world city of mountaineering history and culture.

We will check in to the wonderful Downtown "Parkhotel Laurin" in the center of the beautiful lively city Bolzano in Alto Adige, where we also will have dinner together in the nice restaurant of our hotel. But before dinner there'll be enough time to walk through beautiful downtown Bolzano and maybe have a "gelato" or espresso at Walter's place.

On **Thursday, June 9th**, after a relaxed breakfast we will drive south to Lake Garda on the Autostrada A 22 where we exit Rovereto South to Riva del Garda and drive the breathtaking scenic Gardesana road along Lake Garda to Sirmione. On our wonderful curvy ride along the lake we will stop at the hip bar and gelateria "Barino 2.0" for a little relaxing waterfront lunch or coffee and ice cream break.

After this nice stop we will follow the lake through the little romantic fisher villages Torri del Benaco, Garda, Lazise, Bardolino and Peschiera del Garda to lovely peninsula village Sirmione with its historical "Castello Scagliero".

We will move in to the charming cozy Hotel "Serenella" just behind the old town of Sirmione (the old town is within 7 minutes walking distance). The hotel has a very good location close to the lake with nice air conditioned rooms, a lovely patio garden surrounded by olive trees and a small swimming pool. Each of the beautiful romantic rooms is dedicated to one of the greatest composers of the world.

The Hotel "Serenella" is one of the few hotels with own private car parking spots in front of the hotel. Most other hotels in the old town area offer their guests only parking spaces in the city's public car parking lots.

To reach the hotel we need to **drive in a caravan over the drawbridge of the fortress and the pedestrian zone through the old town of Sirmione** where all locals and visitors of Sirmione can salute our Vettes. Italians love the sound of loud exhausts and burnouts,not sure if tourists also do.... I strongly doubt German tourists would do ;-)

This is such a powerful experience full of pure adrenaline and joy ☺

If we are early enough in Sirmione - between 3 PM and 4 PM – we can explore the village, go shopping, have coffee and ice cream, make a boat trip or use the SPA area of the hotel before dinner. The afternoon is at your disposal.

At **8 PM** we all will go for dinner to the beautiful Ristorante “L’Arcimboldo” in Downtown Sirmione - a 5-minute walk to a nice place with very good and authentic Italian food. If the weather is nice and warm we certainly will dine on their lovely waterfront terrace.

On **Friday, June 10th**, we will check out and leave Hotel Serenella after breakfast at **10 AM** and drive 141 km to the one and only PAGANI Automobili S.P.A. in Modena. We will have an English guided tour through the factory of Pagani Automobili at **1 PM**. Pagani is a small volume manufacturer of one of the most expensive 12-cylinder sports cars worldwide. “...so everything had to come together as if it was a car carved out of a block of Carrara marble...” said Horacio Pagani about his newest dream car project – the Huayra Roadster.

After this highly interesting experience we will have a short lunch break before we ride about 17 km to Sant'Agata Bolognese where we will have a personal English speaking LAMBORGHINI factory tour at **3:30 PM** through the complete assembly line where we can see how V12 engines and the Huracan and Aventador were built - and we also will visit the museum of Lamborghini Automobili S.p.A.

When we are finished with the great Lamborghini factory tour and museum we will check in into the “Best Western Plus Modena Resort”, a very nice hotel resort with three pools and Jacuzzi, snack bar in a beautiful resort park and air conditioned rooms – where we will stay for the next 2 nights.

At **7:30 PM** we will meet at the lobby and drive together to the restaurant of “Mamma Rosella” – Ristorante Montana – behind Ferrari’s Fiorano Race Track, where we will have a wonderful dinner at **8 PM** – it’s **THE** hangout of every Formula 1 driver and the favorite restaurant of famous world champion Michael Schumacher.

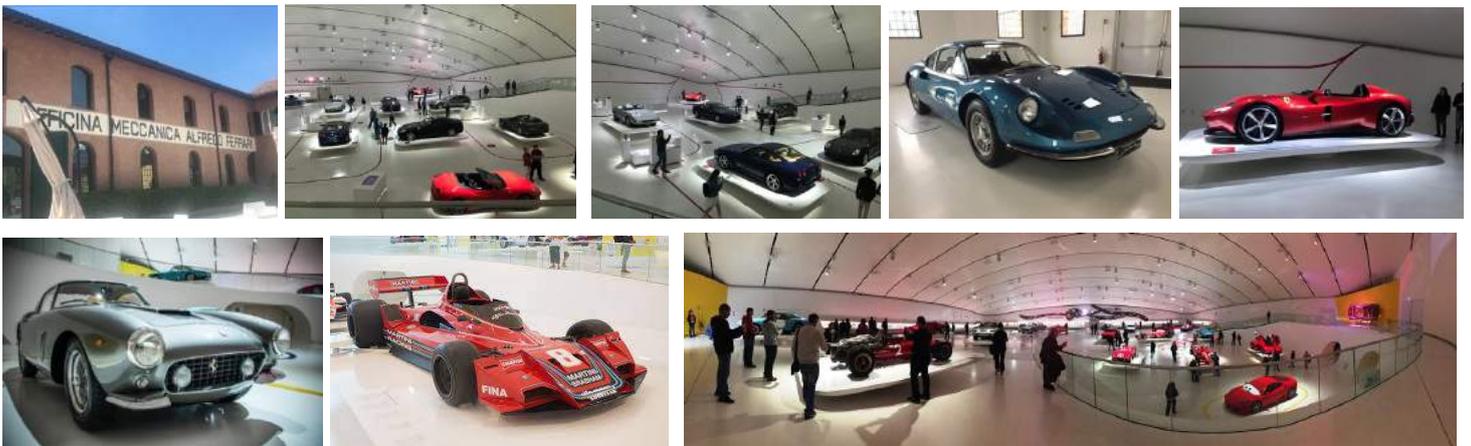

On **Saturday, June 11th**, after breakfast at **10 AM** we will drive the short distance of 5 km to the interesting and unique “Collezione UMBERTO PANINI Musée Maserati” in Modena where we will have an English guided tour through the museum and their own cheese factory “HOMBRE Parmiggiano Reggiano” at **10.30 AM**.

After the nice experience of the PANINI Museum - we will stop at “Acienza Agricola Acetaia Leonardi Giovanni”, a traditional “Aceto Balsamico di Modena” (also called the liquid gold) vinegar factory, where we will have an English speaking tour through the factory and enjoy a nice little lunch with typical local delicacies and vinegar tasting.

In the afternoon we leave for the “Museo Casa Enzo Ferrari” in Modena, where we will have an English guided tour through the museum at **3 PM**.

At **7:30 PM** we will meet at the hotel lobby and take a taxi for the 14 km to the fabulous Ristorante “Il Piccolo Mugnaio” in Torre Maina for a nice and authentic outback dinner in an old romantic mill - a very natural place to enjoy and have fun – where we sit in the middle of the kitchen while Mamma is cooking and her daughter is serving. And believe me: a taxi will be needed after Mamma’s wonderful tasty Limoncello..... 😊😊😊

On **Sunday, June 12th**, at **10 AM** we will go to “Galleria Ferrari” in Maranello, where we might have an English guided tour through the museum at **11 AM** (if they are still doing it on Sundays in 2022) or walk through and enjoy the beautiful museum on ourselves, before we set off towards direction Lido di Jesolo and Venice on the Adriatic Coast.

But before we leave we will drive our Corvettes to the entrance of the factory and try to make some nice pictures of every Vette with drivers.

After a little lunch break we will drive around 230 km to the Adriatic coast of Bella Italia where we will stay at the wonderful beach hotel "Casa Bianca al Mare" in Lido di Jesolo for the next 3 nights.

Here we will recover from the *exhausting* visits of the car factories and museums and let us go really well. We will only eat and drink and swim and relax and do the best for ourselves – and certainly will have a lot of fun !!! 😊😊😊 And we will enjoy a romantic candle light dinner at their beautiful waterfront terrace restaurant "Amarmio".

The next day – **Monday, June 13th** – is completely at your disposal. You can either take a walk through the lovely village of Jesolo and shop or relax at the beach or pool – or pool bar. 😊 We will meet at the lobby at **6 PM** for a nice dinner in one of the many very good restaurants of Jesolo.

On **Tuesday, June 14th**, after a rich breakfast at **9 AM**, we will either take the bus to Punta Sabbioni and the ferry to Piazza San Marco in Downtown Venice or a private chartered bus to Piazzale Roma, where we will hop on a Vaporetto (boat taxi) and ride along Canale Grande to Piazza San Marco. Venice will be one of the highlights of our whole tour.

Welcome to the glorious, incomparable city of Venice, Italy. With its grand marble palaces and churches seeming to float atop the city's many canals, and boasting the world's most artistic masterpieces per square mile, this city will amaze you in every way.

At **11 AM** we will meet bella Luisella – our private English speaking tour guide - who was born in Venice and knows the city inside and out. She will show us all the attractions and point of interests of Venice and tell us everything about the history of the lagoon city. After the guided walking tour through the City of Venice we will hop on a gondola, or do as the locals do and take a Vaporetto along Venice's fabled Grand Canal. Our guide will point out the architectural wonders as we glide along from the Rialto Bridge to Doge's Palace and Piazza San Marco. Make sure to go inside the Basilica di San Marco, one of the most spectacular houses of worship in the world.

Everybody who wants to can have lunch or coffee, cake and ice cream or a drink in one of the many restaurants, cafés and bars of the city or visit the many nice little stores and shops of Venice. The later afternoon is at your disposal.

After a splendid time in Venice we will close the day at **5:30 PM** with a wonderful romantic evening dinner at the waterfront "Ristorante Florida" directly at the Canale Grande and Rialto Bridge. Cross your fingers that it is warm enough to sit outside on the Canale Grande and watch the boats and gondolas flow by.

At around **8 PM** we will go back with the vaporetto and enjoy the dusk on the water before the ferry will take us back to Punta Sabbioni and the bus to our Beach Hotel in Lido di Jesolo for our last night in Italy. There we can enjoy a relaxing nightcap drink at the nice pool bar before we fell asleep after a long fascinating day.

On **Wednesday, June 15th**, after breakfast we will leave beautiful “Casa Bianca al Mare” at **11 AM** and drive around 200 km part of the Italian Autostrada via Udine and along Via Monte Croce, a beautiful and curvy mountain pass road over the “Passo di Monte Croce Carnico” (Plöcken Pass) on which we cross the border from Italy to Austria. We will have a little lunch break somewhere nice with a view on our way to Austria.

We will spend the night at the authentic mountain lodge hotel “Gailberghöhe” where we also will enjoy a nice dinner.

On **Thursday, June 16th**, after a great mountain breakfast at the Hotel Gailberghöhe, we will continue our way to Gerlos while driving one of the most exciting and spectacular mountain pass roads in the world, the fantastic **Grossglockner High Alpine Road**. We will have a lunch break at Europe’s highest by car reachable restaurant, the Kaiser-Franz-Joseph-Haus.

The 48 km long **Grossglockner High Alpine Road** is the highest surfaced mountain pass road in Austria. It connects Bruck in the state of Salzburg with Heiligenblut in Carinthia via Fuscher Törl and Hochtörl Pass at 2,504 meters (8,215 ft). The road is named after the Grossglockner, Austria’s highest mountain. Built as a scenic road, a toll is assessed for passage. This alpine road is one of the highest driving pleasures worldwide – every kilometer and every single one of the 36 turns is a treat for car and mountain lovers 😊

The **Grossglockner** is, at 3,798 meters (12,461 ft) above the Adriatic, the highest mountain in Austria and the highest mountain in the Alps east of the Brenner Pass. The Pasterze, Austria’s most extended glacier, lies on the Grossglockner’s eastern slope. We will have lunch at Europe’s highest restaurant, the Kaiser-Franz-Joseph-Haus.

After around 120 exciting mountain kilometers we will arrive at the wonderful **Hotel Schönruh****** which is beautifully located in the lovely mountain village Gerlos in the middle of the fantastic mountain scenery of the Zillertal, where we will be part of our yearly “Sports Car Season Opening” for the next 3 days.

The Hotel Schönruh**** will welcome us and our Corvettes and all other sports cars in their 3 garages and carports.

Anyone who has already joined the weekend with us knows the excellent Schönruh cuisine. Whether it is a gala dinner or a buffet, a breakfast or a snack, a barbecue or a kitchen party - no culinary desires remain open.

A wonderful pool and wellness area including a sauna area with 9 saunas and steam baths invites you to relax and unwind, so don't forget to bring your bathing clothes. And of course the fun does not come too short 😊😊😊

The owners Elfi & Franz and their son Manuel and daughter in law Sandra and the whole staff are prepared for us and can't wait to arrange a wonderful weekend for us. The following 2 daily tours will be leaded and guided by the hosts.

We will arrive in the late afternoon where the hotel staff already await us with a welcome drink and lunch buffet, where we meet the other sports cars drivers who came separately from other directions. After moving into our nice rooms we can enjoy the pool and the SPA facilities or relax at their lovely terrace or hotel bar.

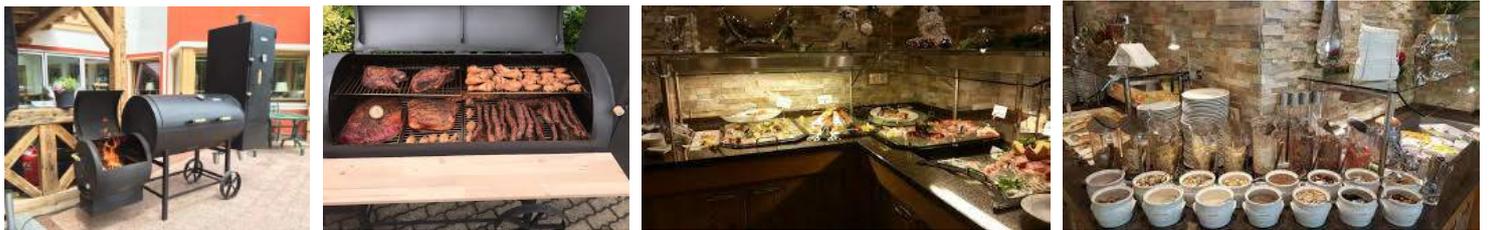

At 7.00 pm we all will have a lot of fun at Elfi's Schnaps (liquor) barrier at our world famous „Kitchen Party“! ☺

The planned daily trips for **Friday, June 17th** and **Saturday, June 18th**, are not fixed yet but will be great tours to very beautiful and interesting places with breathtaking views – as every year.

On **Friday evening** we will either enjoy a romantic BBQ at the Schönruh terrace or a wonderful Dinner Buffet with musical accompaniment – depending on the weather.

On **Saturday evening**, after another wonderful day, we all celebrate our one and only “**Sportscar White Night Gala Dinner & Party**” with Aperitiv on the terrace or in the party tent - a perfect dinner and party with party music, entertainment and dance at the Hotel Schönruh - so we kindly ask every participant to **bring white clothes** with you ☺

On **Sunday, June 19th**, after a late, relaxed and hearty breakfast at the “Schönruh Sparkling Wine Breakfast Buffet” we will leave Gerlos and drive together with some other sports car drivers back to Munich on the beautiful Achenpass road along the lake and have a little coffee or lunch break at the “Jailhouse – American Diner and Bar” in Bad Tölz before we return to the Best Western PLUS Hotel ERB.

On your last evening in Europe we will pick you up at **7 PM** with a van or bus - so that everyone can enjoy one (or more) glass(es) of wine or prosecco - and go to visit our friends Eleonora & Giuseppe and their beautiful authentic Italian Ristorante “Modesto’s” for a wonderful farewell dinner as a very last greeting from Bella Italia

I wish you a pleasant flight back home and hope to see you again very soon on one of my next tours.

All the best, Mandy

Some impressions of our previous tours

General Terms and Conditions

1. Services / Performance

Palm Island Car Tours (hereinafter referred to as PICT) organizes guided adventure tours and road trips for self-drivers with rented sports cars - mostly of the Chevrolet Corvette brand - as well as for travelers with their own vehicle. The scope of the services is described in detail in the offer brochure. PICT reserves the right of changes to individual travel services, which become necessary after conclusion of the travel contract and do not question the overall character of the trip. PICT endeavors to allocate the provided vehicles according to the wishes of the traveler, however a claim to a certain vehicle does not exist.

2. Minimum/maximum age requirement

Participants driving a highly motorized rental vehicle - mediated by PICT - themselves must be at least 30 years of age and in possession of an EU recognized car drivers license for at least ten years when the tour starts. IDP is required in most EU countries. If the participant is older than 75 years, he needs a medical certificate that he is healthy enough to undertake the tour.

3. Registration / Payment

By registering, the travel participant concludes a travel contract with PICT for himself as well as all listed fellow travelers. The contract is concluded with the acceptance by PICT. Upon conclusion of the contract PICT hands out the travel confirmation to the travel participant. Upon registration, a deposit of USD 1,500.00 per traveler must be paid, the remaining travel price must be received by PICT no later than four weeks prior to departure. The terms of payment are given to the travel participant at registration.

4. Liability of the tour operator

PICT is liable for the correctness of the stated travel services as well as a conscientious travel handling. Transportation with external service providers (e.g., bus, train, taxi) is subject to the conditions of the respective carrier. In the event of cancellation of a journey due to Force Majeure, PICT retains the right to appropriate compensation for services already provided or necessary for the travel conditions. The contractual liability of PICT for damages, which are not personal injury, is limited to three times the travel price, as far as a damage of the traveler is neither intentionally nor grossly negligently caused or as far as PICT is responsible for a damage to the traveler alone because of a fault of a service provider. This maximum liability is valid per traveler and journey. PICT is not liable for damages caused intentionally or grossly negligently by the travel participant. PICT is also not liable for any performance disturbances in connection with services that are merely provided as third-party services and that are expressly indicated in the travel advertisement as a third-party service. A claim for damages against PICT is excluded. If PICT is a service provider in other cases, PICT shall be liable in accordance with the provisions applicable to it. The participant is obliged to assist in the event of performance disruptions in order to avoid or minimize any possible damage. In particular, the traveler is obliged to report his complaints immediately to the organizer. He is obliged to provide remedies, if possible. If the traveler culpably fails to report a deficiency, the right to reduction does not apply.

5. Liability of the tour participant

The traveler participates on the journey at his own risk. He is instructed in the handling of the vehicles and is responsible for compliance with the Highway Code and all legal requirements. The traveler is liable for self-inflicted accident and other damage to PICT mediated vehicles up to the amount of excess EURO 5,000 (ca. USD 6,000) per claim. The participant is liable without limitation if he caused the damage by intent or gross negligence or if the damage was caused by alcohol or drug-related unfit driving, in case of accident or proven improper handling of the mediated by PICT vehicle.

6. Cancellation / rebooking of the client

PICT recommends the conclusion of a travel cancellation insurance. The cancellation fees vary depending on the length, type and destination / route of the trip, so please refer to the respective offer brochure. The resigned participant is at liberty to prove that PICT did not incur any damage or a significantly lower damage than the lump sum demanded by him. The travel participant may request that a third party (substitute) enter into the rights and obligations of the travel contract. PICT can only object to the change in the person if there are important reasons (for example, lack of availability of two single rooms instead of a double room). A refund for unused services is not made, this applies in particular to the untimely arrival at the start of the journey

or for early departure. In this case, PICT reserves the right to charge separately for any additional expenses (for example, for an additional lodging or transfer).

7. Cancellation of the tour organizer

PICT may terminate the travel contract without notice, if the journey is permanently disturbed by the travel participant or if a permanent improper treatment of the vehicles brokered by PICT is detected. Any additional costs for the return journey shall be borne by the excluded traveler. PICT retains the right to the travel price with deduction of saved travel expenses. PICT shall be entitled to terminate a travel contract up to four weeks prior to departure, if its execution is unreasonable for PICT after exhausting all possibilities, because the costs incurred in the event of execution exceed the economic limit of the victim's travel costs if PICT is not responsible for the circumstances leading to the cancellation and proves the circumstances. If the trip is canceled for this reason, without the traveler claiming the alternative service, he will receive the paid travel price back immediately.

8. Safety

The PICT routes are carefully selected routes that usually take place on minor roads. Sections with higher traffic such as highways are possible and depending on travel route also necessary. The vehicles used by PICT are regularly maintained and are in excellent technical conditions. They comply with all legal regulations in all aspects. The tour operator strives to carry out the PICT tours to the complete satisfaction of the participants. The presence at the instruction for the use of the vehicles is obligatory for all participants, who drive one thru PICT provided vehicle. All Instructions given by the tour management to the participants are binding.

9. Insurance

Included in the travel price are the motor vehicle liability insurance, a fully comprehensive insurance with a deductible of € 5,000 (ca. \$ 6,000) and a passenger accident insurance. In case of damage, the tour guide must be informed immediately. The conditions of the insurance contract can be viewed by the travel participant at PICT. The travel price does not include the baggage and travel cancellation insurance. PICT recommends that you conclude a travel insurance, especially one with rental car damage protector.

10. General provisions

Claims against PICT must be made in writing no later than one month after the end of the trip at the registered office of the organizer. After expiry of the period, the participant may only assert claims if he has been prevented from observing the deadline without fault. Contractual claims for damages become time-barred after two years. PICT informs the participants of the journey about passport, visa and health regulations and requirements of the traveled countries as well as their possible changes before their departure. The participant is responsible for the observance of all important regulations for the realization of the journey. All disadvantages, in particular the payment of cancellation fees, resulting from the non-compliance with these regulations are at the expense of the customer, unless they are caused by culpable misinformation or non-information of PICT. All costs not included in the tour price, such as warnings (fines), are indicated separately in the offer brochure. Verbal agreements require the written confirmation to be effective. The participant can sue PICT only at its seat. PICT 's claim against the traveler is governed by the latter' s domicile, unless the action is directed against registered traders or persons who have moved their domicile or habitual residence abroad after the conclusion of the contract or whose domicile or habitual residence is at the time of Action is not known. In these cases, the seat of PICT is authoritative.

11. Ineffectiveness

The ineffectiveness of individual provisions of the travel contract does not result in the ineffectiveness of the entire travel contract.

FAQ

Does the tour include airfare?

No. I wanted to include it first but I found out that many people like to use a special airline where they collect miles - and sometimes people also want to arrive earlier before the tour starts and leave later as they want to travel on their own to other places before or after our tour, so it does not make sense to book their tickets – everybody can book however they want as long as they have arrived at the start of our tour.

What city and European Country does the tour start and where does it end?

The tour officially starts in Munich, Germany and also ends in Munich. We will have a dinner together at the day of your arrival, where we meet everyone for the first time, and there we will have an important tour briefing including all the traffic rules driving in Germany, Austria and Italy. Please stay and listen closely to the instructions.

What should I bring?

A travel light and/or a flashlight won't be bad. Since we do not know in advance what types of Corvettes (C7 or C8, Coupe or Convertible) we will get: Please remember that you do not bring more luggage than EASILY fits in the car – don't forget that you might go shopping in Italy. (The C7 convertible trunk and C8 convertible and coupe trunk & frunk space is smaller than the C7 coupe trunk space – **C7 Coupe 15 cubic-feet/425 L, C7 Convertible 10 cubic-feet/283 L vs C8 Coupe 12.6 cubic-feet/356 L, C8 Convertible 10 cubic-feet/283 L**). Also bring a warmer jacket (just in case...). There's no dress code anywhere but maybe you want to bring a nicer evening outfit for the fine restaurants – Please bring something **WHITE** for the "Sportscar White Night Gala-Dinner & Party" at the Hotel Schönruh. The tour includes polo-shirts for both the lady and the man – please tell me your sizes and preferred colors in the included registration form.

How's the weather in Germany, Austria and Italy in June?

Normally the weather in June is quite nice in Germany with an average temperature of around 23°C / 73F, Austria can be a little cooler but Italy normally is around 27°C / 80F – could also be cooler or warmer.....

What are the speed limits in Germany, Austria and Italy?

It depends on what road you drive... At the German Autobahn (highway) – if there is no speed limit shown – you can drive as fast as you like. It's the law that slower traffic has to stay on the right lane while the left lane is the passing lane. It's not allowed to drive slowly on the left lane. If a speed limit is shown it is meant to all lanes. On a country road in Germany – if there is no special speed limit sign – the limit is 100 km/h (62 mph).

In Austria the speed limit on highways is between 100 km/h and 130 km/h – it is shown on the traffic monitoring system. On country roads rules are the same as in Germany. Speeding fines are very high comparing to Germany.

In Italy the speed limit on Autostradas (highways) is between 110 km/h and 130 km/h (sometimes even 150 km/h) – it is also shown on the traffic monitoring system. On country roads the speed limit is 90 km/h (56 mph). Speeding is also very expensive in Italy but in the over 40 years I have my driver license I have never been stopped for speeding in Italy. Driving in Italy is „narrow“, but ok - traffic flows and you'll go with the flow. But they now have Autostrada cameras so be very careful – speeding is extremely expensive in Italy – even more expensive than in Austria.

Is security an issue in Italy?

Not where we are going. All our hotels where we stay and places we visit are very safe and we won't go to any unsafe places, so don't worry at all. For the rented Corvettes we will have garages or guarded parking everywhere. BUT: Never leave any personal items like purses, handbags, cell phones, cameras and other valuable things – or things that look like it – visible in the car – it could attract thieves to smash the windows and break into the cars.

I do not speak German or Italian, how will I get along?

Most of the Germans, Austrians and Italians speak English. You'll also learn to communicate with hands and feet.

Do I need an International Driver License / International Driving Permit (IDP)?

Not in Germany, but required in Italy and Austria. You can easily apply for it and buy an International Driver License / Permit (IDP) for USD 20.00 at AAA or CDN 25.00 at CAA. Details can be found 2 pages before.
