May 7th – 23rd, 2023

This wonderful 2-week-trip will take us on an exciting Corvette tour through Italy with a visit of factories and museums of all major Italian car manufacturers and be part of the Corvette Italia Reunion Meeting.

You will arrive at Munich Airport, Germany, on **Sunday, May 7th** where we will pick you all up and bring you to the beautiful "Gutsgasthof Stangl" for your first 2 nights. Until all participants have arrived you are free to relax a bit after the long flight jetlag.

In the late afternoon we will pick you all up and visit the newly opened MOTORWORLD Munich where we'll have dinner in their unique restaurant "Motorworld Inn".

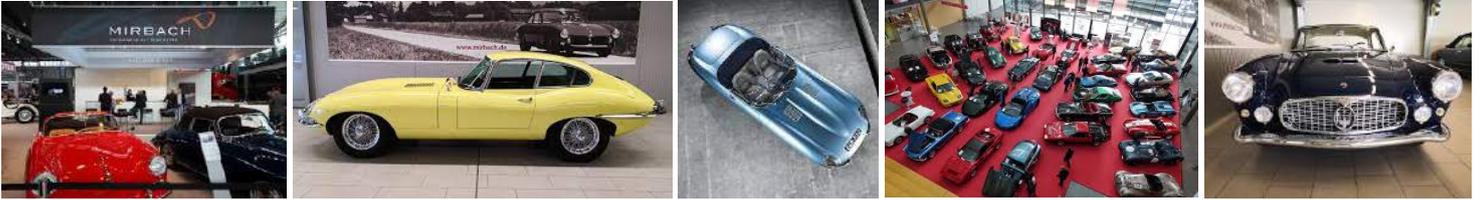

On **Monday, May 8th** after a great breakfast we will have an interesting tour through the BMW World and Museum and – if the weather is nice – a walking tour through Munich Old Town.

In the afternoon we will visit a friend's Classic Car dealership – MIRBACH & SCHUTTENBACH AUTOMOBILE – and look at their stunning inventory and collection.

After an interesting and exciting day we will enjoy a nice dinner at the hotel's wonderful restaurant or romantic garden.

On **Tuesday, May 9th**, we will “saddle our horses” and leave the “Gutsgasthof Stangl” after breakfast. We will drive on the German Autobahn and on nice country roads to the famous mountain village Kitzbühel in Tyrol, Austria, where we will explore beautiful Kitzbühel Old Town and have a little lunch break in one of the many nice cafés or restaurants.

After this interesting stop we will follow the great Jochberg pass road over Mittersill to Kaprun - Zell am See, where we will move in to the fantastic “Tauern SPA Hotel & Therme”, a wonderful wellness oasis in the middle of the Tauern Mountains, for the next 2 nights. We will have a great gourmet dinner at the hotel owned restaurant and close the day with a Good-Night-Drink at their beautiful hotel bar.

On **Wednesday, May 10th** - depending on the weather and the opening of certain attractions - we will either drive along Lake Zell am See to Maria Alm where we will visit the “Jufenalm”, a mountain hut jewel on the foot of the “Hochkönig” and their wildlife enclosure. A very special favorite place - marvel at majestic red deer and mouflons in a unique setting and watch Alpacas, Wollabies, Goats and Donkeys in their newly built barn.

Or we will spend the day in the stunning wellness SPA and Water World of our hotel, one of Austria’s most modern spas. Get ready to take the plunge and enjoy 12 in- & outdoor pools, 10 saunas & steam rooms and have a delicious snack and drink in the spa restaurants & bars – their spa area covers more than 20,000 qm (215,000 square feet).

On **Thursday, May 11th** we will leave the wonderful spa hotel after a first class breakfast at around **11 AM** to drive one of the most famous and most spectacular mountain roads in the world, the **Grossglockner High Alpine Road**.

The 48 km long **Grossglockner High Alpine Road** is the highest surfaced mountain pass road in Austria. It connects Bruck in the state of Salzburg with Heiligenblut in Carinthia via Fuscher Törl and Hochtörl Pass at 2,504 meters (8,215 ft). The road is named after the Grossglockner, Austria’s highest mountain. Built as a scenic road, a toll is assessed for passage. This alpine road is one of the highest driving pleasures worldwide – every kilometer and every single one of the 36 turns is a treat for car and mountain lovers ☺

The **Grossglockner** is, at 3,798 meters (12,461 ft) above the Adriatic, the highest mountain in Austria and the highest mountain in the Alps east of the Brenner Pass. The Pasterze, Austria’s most extended glacier, lies on the Grossglockner’s eastern slope. We will make a break at Europe’s highest restaurant, the Kaiser-Franz-Joseph-Haus.

After lunch break we will continue to follow the Grossglockner High Alpine Road direction Italy and check in to the authentic mountain lodge hotel “Gailberghöhe” on our way to Bella Italia, where we also will enjoy a nice dinner.

On **Friday, May 12th**, after a great mountain breakfast at the “Gailberghöhe”, we will drive the beautiful curvy (and bumpy) country pass road along the Plöckenpass and enter the highway in Tolmezzo which we drive via Udine to Lignano Sabbiadoro at the Adriatic coast, where we will stay at the nice beach hotel “Bellavista”. After a nice dinner at the hotel restaurant and maybe a drink at their little bar we go to bed after two fascinating mountain driving days.

The next day – **Saturday, May 13th** – is completely at your disposal. You can either take a walk through Bella Lignano Sabbiadoro or relax at the beach or pool – or pool bar ☺ ☺ ☺ At **7 PM** we will all meet in the lobby and walk the pedestrian zone for dinner to the nice and good restaurant “Croce del Sud”.

On **Sunday, May 14th**, after a relaxed late breakfast we will leave Hotel Bellavista and drive around 90 km to Mestre, close to Venice, where we will stay in a wonderful historic Italian Villa, the “Villa Barbarich”, for the next 2 nights.

As you make your way along the Castellana road, in the stretch between Mestre and Zelarino, Villa Barbarich appears on the horizon like a mirage. Enveloped by the Marzenego River, it was built on its banks in the first half of the 16th century as the summer residence of the Malipiero family, one of the most famous and influential families of the Serenissima, as the Republic of Venice was called at the time. As you step into this enchanting villa, you will undoubtedly understand what prompted the lords of the time to choose it as a place of solace, and make it the setting for their business meetings. The extensive rooms and wide hallways, with utmost attention paid to each and every detail, create an atmosphere that is both luxurious and welcoming. The exquisite chandeliers, blown by the master glassmakers of Murano, along with the antique terracotta floors are just some of the invaluable details that will accompany you to the heart of the villa. We will have dinner in their beautiful Ristorante Villa Barbarich.

On **Sunday, May 14th**, at **10 AM**, after a rich breakfast, we will take the Villa's owned Shuttle Vans who will bring us to Piazzale Roma in Venice where we will take a vaporetto to the magic islands of Murano - famous for glassmaking - and the romantic fishing village Burano with its multi colored buildings.

You may have heard of Murano glass. This is what the small island is mainly known for, and its beauty perfectly matches its world fame.

After Murano our boat will bring us to the beautiful and romantic fishing island of Burano, which is famous for their lace fabrication and its colorful houses. You can visit the lace museum or simply stroll around the island and discover the beauty of the rainbow houses and the small canals.

On **Monday, May 15th**, at **9 AM**, after a rich breakfast, we will again take the Villa's Shuttle Vans who will bring us to Piazzale Roma in Venice where we will meet bella Luisella - our private English speaking tour guide – at **10 AM**.

Venice will be one of the absolute highlights of our whole tour. Welcome to the glorious, incomparable city of Venice, Italy. With its grand marble palaces and churches seeming to float atop the city's many canals, and boasting the world's most artistic masterpieces per square mile, this city will amaze you in every way.

Luisella Romeo – our guide – is born in Venice and knows the city inside and out - she will show us all the attractions and points of interest of Venice and tell us everything about the history of the lagoon city. She will take us through the lesser-known districts of Santa Croce and San Polo, the Rialto food markets - before they close at 12 noon - and finally across the Rialto bridge to St. Mark's square where we will see the Doge's Palace and visit the Basilica di San Marco, one of the most spectacular houses of worship in the world.

Everybody who wants to can have lunch or coffee, cake and ice cream or a drink in one of the many restaurants, cafés and bars of the city – or go shopping in one of the fabulous shops in Venice. The afternoon is at your disposal.

After a splendid time in Venice we will close the day at **5 PM** with a wonderful dinner at one of the many nice restaurants. Cross your fingers that it is warm enough to sit outside waterfront and watch boats and gondolas flow by.

At around **7 PM** we will go back with the vaporetto and enjoy the dusk on the water before we leave with our shuttle vans for another nice night back to beautiful „Villa Barbarich“ where we can enjoy a relaxing nightcap drink at the hotel bar before we fell asleep after a long fascinating day.

On **Tuesday, May 16th**, we will check out and leave lovely “Villa Barbarich” early after breakfast and drive about 140 km on the Autostrada to Funo, close to Bologna, where we will visit the beautiful and interesting “Museo Ferruccio Lamborghini” on our way to the factory of LAMBORGHINI Automobili S.P.A. in Sant’Agata Bolognese where we will enjoy an English guided factory tour through the URUS assembly line at **2:30 PM** and a walk through the museum.

After this highly interesting experience we will drive 35 km to Maranello and check in for the next 3 nights to our next hotel “Villa Maranello”, a wonderful small downtown hotel where Enzo Ferrari used to live when he was very young.

At **7:30 PM** we will meet at the lobby and drive or walk (1 mile) to the restaurant of ‘Mamma Rosella’ – “Ristorante Montana” – behind Ferrari’s Fiorano Race Track, where we will have a wonderful dinner at **8 PM** – it is **THE** hangout of every Formula 1 driver and was the favorite restaurant of famous world champion Michael Schumacher.

On **Wednesday, May 17th**, at **9:30 AM** we will leave for the “Museo Casa Enzo Ferrari” in Modena, where we will have an English guided tour through the museum at **10:30 AM**.

After the nice museum visit we will walk a short distance to the American Diner “America Graffiti”, right next to the car factory of MASERATI S.p.A., where we will have a little lunch break.

After lunch we will enjoy an interesting English guided factory tour through the MASERATI assembly line, the showroom and the museum.

At **7:30 PM** we'll meet at the hotel lobby and take a taxi for the 6 km to the fabulous Ristorante “Il Piccolo Mugnaio” in Torre Maina for a nice and authentic outback dinner in an old romantic mill - a very natural place to enjoy and have fun – where we sit in the middle of the kitchen while Mamma is cooking and her daughter is serving. And believe me: a taxi will be needed after Mamma’s wonderful tasty Limoncello..... ☺ ☺ ☺

On **Thursday, May 18th**, after breakfast at around **10 AM** we will drive the short distance of 15 km to the interesting and unique “Collezione UMBERTO PANINI Musée Maserati” in Modena where we visit the museum at **11.00 AM**.

On our way back to Maranello - after the nice experience of the PANINI Museum - we will stop at “Acetaia Leonardi”, a traditional “Aceto Balsamico Modena” (also called the liquid gold) vinegar factory, where we will have an English guided tour through the factory and enjoy a nice little lunch with typical local delicacies and vinegar tasting.

After this nice and tasty interruption we will visit the great museum of “Galleria Ferrari” in Maranello and afterwards we'll drive our Corvettes to the entrance of the factory and try to make some nice pictures of every Vette with drivers.

At **7 PM** we will walk 850 ft. to “Pizzeria L’Incontro” – voted Best Pizza in Town – on our last evening in Maranello.

On **Friday, May 19th**, we will leave Maranello around **10 AM** for our way to Lago di Garda. In about 15 km after Maranello we will make a stop at the one and only PAGANI Automobili S.P.A. in Modena, where we will have an English guided tour through the factory at **11 AM**.

Pagani is a small volume manufacturer of one of the most expensive 12-cylinder sports cars worldwide.

“...so everything had to come together as if it was a car carved out of a block of Carrara marble....” said Horacio Pagani about his newest dream car project – the Huayra Roadster. With a lot of luck we even might see Signore Horacio Pagani himself.

Our arrival in Sirmione - a lovely peninsula village directly “in” the lake with a romantic and historical castle named “Castello Scagliero” – will be in the afternoon.

To reach our nice hotel we need to **drive in a convoy over the drawbridge of the fortress and the pedestrian zone through the old town of Sirmione** where all locals and visitors of Sirmione can salute our Vettes. Italians love the sound of loud exhausts and burnouts,not sure if tourists also do.... I strongly doubt German tourists will do ;-)
 This is such a powerful experience full of pure adrenaline and joy ☺

We will move in to the beautiful 4**** Hotel "Olivi Thermae & Natural Spa" just behind the old town of Sirmione (the old town is within 10 minutes walking distance) where we will spend 2 nights. The hotel has excellent reviews, a very good location close to the Lake Garda and has a large SPA area and nice airconditioned rooms with lake view. It is one of the few hotels with its own private car parking lot. Most other hotels in the old town area offer their guests only parking spaces in the city's public car parking lots.

If we are early enough in Sirmione - between 3 PM and 4 PM – we can explore the village, go shopping, have coffee and ice cream, make a boat trip or use the SPA area of the hotel before dinner. The afternoon is at your disposal.

At **8 PM** we all will go for dinner to the beautiful Ristorante “L’Arcimboldo” in Downtown Sirmione - a 5-minute walk to a nice place with very good and authentic Italian food. If the weather is nice and warm we certainly will dine on their lovely waterfront terrace.

On **Saturday, May 20th** and **Sunday, May 21st** we have the fantastic opportunity to join our friends from the Italian Corvette Club for their International Friendship Reunion Days – which is not an official Corvette Club Meeting but an opportunity to meet old and make new friends who are linked by the same passion.

We will leave Hotel Olivi on **Saturday, May 20th**, at **10 AM** the latest and drive around 25 km through Sirmione Old Town to the Winery “Tenuta San Leone”, where we meet our Italian and other International Corvette friends at **11 AM**. With a glass of sparkling wine we will have a guided tour through the wine museum, the bottling plant, the wine cellar and barrel room. And we will enjoy a tasting of 3 wines of the superior line accompanied by local cold cuts and cheeses, pizzas and various types of snacks while we will have a lot to talk with our Corvette friends.

After the nice get together we will visit the lovely garden park “Parco Giardino Sigurtà”, a botanical garden established in May 1407, a piece of paradise where we can admire thousands of different flowers, plants and trees (30,000 roses among them at the Avenue of the Roses), walk our way into an extraordinary labyrinth of hedges made up of 1,500 yew trees (called The Maze), explore the Votive Grotto and the Great Lawn, the Medicinal Herbs Garden, the Water Gardens, the Hermitage, the Stone of Eternal Youth, the Castelletto, the Farm, the Surreally Shaped Boxed Trees and much more. If it is too far to walk, you can easily rent an electrical bicycle or a golf cart – or you can hop on the train that follows the "Enchanted trail" along its no-stop panoramic route that passes by all of those places that have made the Park so famous. During the ride a voice guide of around 35 minutes, also in English, will tell you about the secrets of the park.

After the exciting visit of the park we will drive around 15 km to the beautiful “Ristorante Al Frassino” in Peschiera del Garda, where we again will meet our Italian and International Corvette friends at **6:30 PM**. There we will have a wonderful elegant Gala Dinner together and Live Music, Dancing and Karaoke afterwards.

On **Sunday, May 21st**, after breakfast we will checkout at beautiful Hotel Olivi and meet again at **11:30 AM** with all the Corvettes at “Tenuta San Leone” and drive together to the unique “Ristorante al Fonte”, where we will have a nice farewell lunch all together.

After lunch we say Good-bye to our friends from Italy and all over Europe and start our way back to Munich, Germany. We will drive the breathtaking curvy scenic road along Lake Garda direction North (Riva del Garda) through the romantic fishing villages Peschiera del Garda, Bardolino, Lazise, Garda, Torri del Benaco and Malcesine. In Rovereto South we will enter the Autostrada A22 and follow it 240 km to Sterzing, the last Italian city before the border Brennero.

We will spend one last night in Italy on our way back to Munich at “Steindl’s Boutique Hotel” in Sterzing.

On **Monday, May 22nd** after a nice long breakfast we will drive the last 220 km back to Munich and check in to the nice BEST WESTERN PLUS Hotel ERB for your very last night in Europe.

In the evening we will pick you up at **6 PM** with a van or bus – so that everyone can enjoy one (or more) glass(es) of wine, prosecco or beer and close the day with a rustic and original authentic Bavarian dinner in one of the world famous original Bavarian Beergardens.

I wish you a pleasant flight back home and hope to see you again very soon on one of my next tours.

All the best, Mandy

General Terms and Conditions

1. Services / Performance

Palm Island Car Tours (hereinafter referred to as PICT) organizes guided adventure tours and road trips for self-drivers with rented sports cars - mostly of the Chevrolet Corvette brand - as well as for travelers with their own vehicle. The scope of the services is described in detail in the offer brochure. PICT reserves the right of changes to individual travel services, which become necessary after conclusion of the travel contract and do not question the overall character of the trip. PICT endeavors to allocate the provided vehicles according to the wishes of the traveler, however a claim to a certain vehicle does not exist.

2. Minimum/maximum age requirement

Participants driving a highly motorized rental vehicle - mediated by PICT - themselves must be at least 30 years of age and in possession of an EU recognized car drivers license for at least ten years when the tour starts. IDP is required in most EU countries. If the participant is older than 75 years, he needs a medical certificate that he is healthy enough to undertake the tour. The maximum age for driving a rental Corvette is 80 years. No age req. with own car.

3. Registration / Payment

By registering, the travel participant concludes a travel contract with PICT for himself as well as all listed fellow travelers. The contract is concluded with the acceptance by PICT. Upon conclusion of the contract PICT hands out the travel confirmation to the travel participant. Upon registration, a deposit of USD 1,500.00 per traveler must be paid, the remaining travel price must be received by PICT no later than four weeks prior to departure. The terms of payment are given to the travel participant at registration.

4. Liability of the tour operator

PICT is liable for the correctness of the stated travel services as well as a conscientious travel handling. Transportation with external service providers (e.g., bus, train, taxi) is subject to the conditions of the respective carrier. In the event of cancellation of a journey due to Force Majeure, PICT retains the right to appropriate compensation for services already provided or necessary for the travel conditions. The contractual liability of PICT for damages, which are not personal injury, is limited to three times the travel price, as far as a damage of the traveler is neither intentionally nor grossly negligently caused or as far as PICT is responsible for a damage to the traveler alone because of a fault of a service provider. This maximum liability is valid per traveler and journey. PICT is not liable for damages caused intentionally or grossly negligently by the travel participant. PICT is also not liable for any performance disturbances in connection with services that are merely provided as third-party services and that are expressly indicated in the travel advertisement as a third-party service. A claim for damages against PICT is excluded. If PICT is a service provider in other cases, PICT shall be liable in accordance with the provisions applicable to it. The participant is obliged to assist in the event of performance disruptions in order to avoid or minimize any possible damage. In particular, the traveler is obliged to report his complaints immediately to the organizer. He is obliged to provide remedies, if possible. If the traveler culpably fails to report a deficiency, the right to reduction does not apply.

5. Liability of the tour participant

The traveler participates on the journey at his own risk. He is instructed in the handling of the vehicles and is responsible for compliance with the Highway Code and all legal requirements. The traveler is liable for self-inflicted accident and other damage to PICT mediated vehicles up to the amount of excess EURO 5,000 (ca. USD 6,000) per claim. The participant is liable without limitation if he caused the damage by intent or gross negligence or if the damage was caused by alcohol or drug-related unfit driving, in case of accident or proven improper handling of the mediated by PICT vehicle.

6. Cancellation / rebooking of the client

PICT recommends the conclusion of a travel cancellation insurance. The cancellation fees vary depending on the length, type and destination / route of the trip, so please refer to the respective offer brochure. The resigned participant is at liberty to prove that PICT did not incur any damage or a significantly lower damage than the lump sum demanded by him. The travel participant may request that a third party (substitute) enter into the rights and obligations of the travel contract. PICT can only object to the change in the person if there are important reasons (for example, lack of availability of two single rooms instead of a double room). A refund for unused services is not made, this applies in particular to the untimely arrival at the start of the journey

or for early departure. In this case, PICT reserves the right to charge separately for any additional expenses (for example, for an additional lodging or transfer).

7. Cancellation of the tour organizer

PICT may terminate the travel contract without notice, if the journey is permanently disturbed by the travel participant or if a permanent improper treatment of the vehicles brokered by PICT is detected. Any additional costs for the return journey shall be borne by the excluded traveler. PICT retains the right to the travel price with deduction of saved travel expenses. PICT shall be entitled to terminate a travel contract up to four weeks prior to departure, if its execution is unreasonable for PICT after exhausting all possibilities, because the costs incurred in the event of execution exceed the economic limit of the victim's travel costs if PICT is not responsible for the circumstances leading to the cancellation and proves the circumstances. If the trip is canceled for this reason, without the traveler claiming the alternative service, he will receive the paid travel price back immediately.

8. Safety

The PICT routes are carefully selected routes that usually take place on minor roads. Sections with higher traffic such as highways are possible and depending on travel route also necessary. The vehicles used by PICT are regularly maintained and are in excellent technical conditions. They comply with all legal regulations in all aspects. The tour operator strives to carry out the PICT tours to the complete satisfaction of the participants. The presence at the instruction for the use of the vehicles is obligatory for all participants, who drive one thru PICT provided vehicle. All instructions given by the tour management to the participants are binding.

9. Insurance

Included in the travel price are the motor vehicle liability insurance, a fully comprehensive insurance with a deductible of € 5,000 (ca. \$ 6,000) and a passenger accident insurance. In case of damage, the tour guide must be informed immediately. The conditions of the insurance contract can be viewed by the travel participant at PICT. The travel price does not include the baggage and travel cancellation insurance. PICT recommends that you conclude a travel insurance, especially one with rental car damage protector.

10. General provisions

Claims against PICT must be made in writing no later than one month after the end of the trip at the registered office of the organizer. After expiry of the period, the participant may only assert claims if he has been prevented from observing the deadline without fault. Contractual claims for damages become time-barred after two years. PICT informs the participants of the journey about passport, visa and health regulations and requirements of the traveled countries as well as their possible changes before their departure. The participant is responsible for the observance of all important regulations for the realization of the journey. All disadvantages, in particular the payment of cancellation fees, resulting from the non-compliance with these regulations are at the expense of the customer, unless they are caused by culpable misinformation or non-information of PICT. All costs not included in the tour price, such as warnings (fines), are indicated separately in the offer brochure. Verbal agreements require the written confirmation to be effective. The participant can sue PICT only at its seat. PICT 's claim against the traveler is governed by the latter' s domicile, unless the action is directed against registered traders or persons who have moved their domicile or habitual residence abroad after the conclusion of the contract or whose domicile or habitual residence is at the time of Action is not known. In these cases, the seat of PICT is authoritative.

11. Ineffectiveness

The ineffectiveness of individual provisions of the travel contract does not result in the ineffectiveness of the entire travel contract.

FAQ

Does the tour include airfare?

No. I wanted to include it first but I found out that many people like to use a special airline where they collect miles - and sometimes people also want to arrive earlier before the tour starts and leave later as they want to travel on their own to other places before or after our tour. So it does not make sense to book their tickets – everybody can book however they want as long as they have arrived at the start of our tour.

What city and European Country does the tour start and where does it end?

The tour officially starts in Munich, Germany and also ends in Munich. We will have a dinner together at the day of your arrival, where we meet everyone for the first time, and there we will have an important tour briefing including all the traffic rules driving in Germany, Austria and Italy. Please stay and listen closely to the instructions.

What should I bring?

A travel light and a washing cloth won't be bad. Since we do not know in advance what types of Corvettes (Coupe or Convertible) we will get: Please remember that you do not bring more luggage than EASILY fits in the car – don't forget that you might go shopping in Italy. (The C7 convertible trunk and C8 convertible and coupe trunk & frunk space is smaller than the C7 coupe trunk space – **C7 Coupe 15 cubic-feet/425 L, C7 Convertible 10 cubic-feet/283 L vs C8 Coupe 12.6 cubic-feet/356.8 L, C8 Convertible 10 cubic-feet/283 L**). Also bring a warm jacket (just in case...). There's no dress code anywhere but maybe you want to bring a nicer evening outfit for the fine restaurants and the Gala Dinner. The tour includes polo-shirts for both the lady and the man – please tell me your sizes and preferred colors.

How's the weather in Germany, Austria and Italy in May?

Normally the weather in May is quite nice in Germany with an average temperature of around 20°C / 68F, Austria can be a little cooler but Italy normally is around 24°C / 75F – could also be cooler or warmer.....

What are the speed limits in Germany, Austria and Italy?

It depends on what road you drive... At the German Autobahn (highway) – if there is no speed limit shown – you can drive as fast as you like. It's the law that slower traffic has to keep on the right lane while the left lane is the passing lane. It's not allowed to drive slowly on the left lane. If a speed limit is shown it is meant to all lanes. On a country road in Germany – if there is no special speed limit sign – the limit is 100 km/h (62 mph).

In Austria the speed limit on highways is between 100 km/h and 130 km/h – it is shown on the traffic monitoring system. On country roads rules are the same as in Germany. Speeding fines are very high comparing to Germany.

In Italy the speed limit on Autostradas (highways) is between 110 km/h and 130 km/h (sometimes even 150 km/h) – it is also shown on the traffic monitoring system. On country roads the speed limit is 90 km/h (56 mph). Speeding is also very expensive in Italy but in the over 40 years I have my driver license I have never been stopped for speeding in Italy. Driving in Italy is „narrow“ but ok - traffic flows and you'll go with the flow. But they now have Autostrada cameras so be very careful – speeding is extremely expensive in Italy – even more expensive than in Austria.

Is security an issue in Italy?

Not where we are going. All our hotels where we stay and places we visit are very safe and we won't go to any unsafe places, so don't worry at all. For the rented Corvettes we will have garages or guarded parking everywhere. BUT: Never leave any personal items like purses, handbags, cell phones, cameras and other valuable things – or things that look like it – visible in the car – it could attract thieves to smash the windows and break into the cars.

I do not speak German or Italian, how will I get along?

Most of the Germans, Austrians and Italians speak English. You'll also learn to communicate with hands and feet.

Do I need an International Driver License / International Driving Permit (IDP)?

Not in Germany, but required in Italy and Austria. You can easily apply for it and buy an International Driver License / Permit (IDP) for USD 20.00 at AAA or CDN 25.00 at CAA. Please see page 16 for details.
