Grossglockner High Alpine Road, “12th Sports Cars Season Opening” in Gerlos – AUSTRIA

June 4th – 23rd, 2025

This wonderful 20-day-trip will take us on an exciting Corvette Road-Trip through Germany, where we will participate in the “International European Corvette Convention” - we will visit all factories and museums of the major Italian car manufacturers and see lovely Venice in Italy - and we'll be part of our fabulous “Sports Cars Season Opening” in Austria.

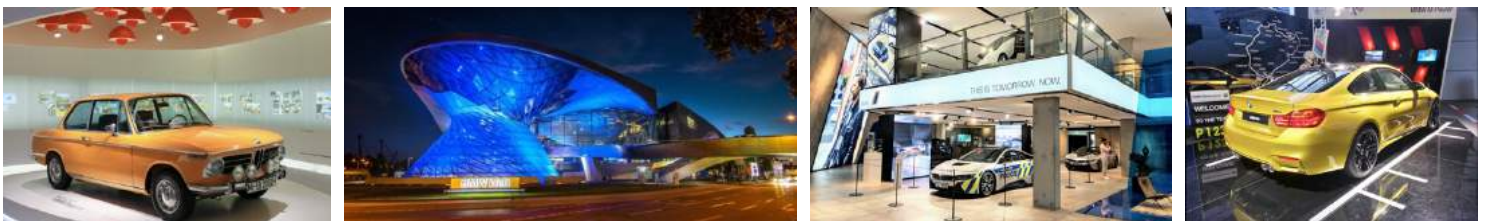

You will arrive at Munich Airport, Germany, on **Wednesday, June 4th** where we will pick you up and bring you to the nice “Best Western Plus Hotel ERB” for your first 2 nights, where you will meet the other participants of this tour.

Until it's time to go for dinner you can relax from the long flight, enjoy the hotel owned spa area “Almdorf SPA” with 5 different saunas and a steam bath, take a drink at the hotel bar or visit the many Outlet stores in a very short walking distance. We will have our evening dinner at the great original Bavarian Beergarden of the restaurant “Alter Hof”.

On **Thursday, June 5th**, after a relaxed breakfast we will pick you up at **11 AM** with a van or bus and drive to the architecturally and exhibition-wise exciting “BMW World” in Munich, where we will visit the interesting BMW Museum, then take a walkthrough Downtown Munich and have a little lunch break at the world famous original “Hofbräuhaus”.

In the late afternoon / early evening we will visit the new and interesting MOTORWORLD Munich and have a nice dinner in their unique restaurant “Motorworld Inn”.

On **Friday, June 6th** after breakfast at **8:30 AM** we will “saddle our horses” and drive 340 km on the German Autobahn A9 and A73 to one of the most historical areas in Germany – to Thuringia in former East Germany – where we will be part of the **International European Corvette Convention** for the next 3 days.

The “Ringberg Hotel” – where we will stay for the next 3 nights – is a historical landmark and contemporary witness on the Suhler mountain peak summit – built 1974 to 1979 and opened in 1979 - and the former holiday home of Erich Honecker - the leader of the German Democratic Republic (DDR/East Germany) – and his family and government.

Originally it was built for farmers of the DDR, who had to wait four years for a holiday spot at the Ringberg Hotel. The route from „VdGb-Ferienheim“ (holiday home for the association of mutual agricultural aid) to today's hotel was not always easy. This year the largest house in the middle of the Thuringian Forest celebrates its 45th anniversary.

We will arrive at the Ringberg Hotel in the late afternoon where we check in and get our roadbook with all instructions for the next 3 days. There will be around 300 Corvettes from all over Europe participating in this one-of-a-kind event.

At 7 pm we all will have dinner together at the Herbert Roth Saal where we are warmly welcomed by the organizers Gisela and Helmut from the TCV – the Thuringian Corvette Club – everything will also be translated in English for the guests from all over the world.

The evening will be either spent at the numerous nightly parking lot parties or at the lobby with dance and live music or at the bar. Be sure to bring a folding chair – it'll be needed 😊

On **Saturday, June 7th**, after a mostly short night.... ;-) and a great breakfast we'll meet at **10 AM** at the parking lot where we start in groups of 20 – 25 cars to one of the larger cities like Erfurt, Weimar, Jena or Coburg – nobody knows in advance where they will lead us – it's always a nice surprise to which city we go and where we will park our Corvettes - in the middle of the market place or the center of Downtown.

As soon as all the groups have arrived and all the cars are parked we have time for sightseeing, shopping, walking around with our Corvette friends, have some coffee and cake or ice cream in one of the many Cafés or have lunch and/or a drink at a restaurant. In the afternoon at around **3.30 PM** we delightfully cruise back to our hotel on the incredible wide and empty streets of the Thuringian Forest with our Vettes 😊

Back at the Ringberg Hotel we enjoy again the nice beergarden with drinks and their famous “Thuringian Bratwurst” and have a lot of fun with our friends talking and drinking and laughing and and and 😊
For dinner we will enjoy a nice buffet together with all the other 500+ Corvette friends.

After dinner we will do the same as the night before – *Party Party Party !!!!!*

On **Sunday, June 8th**, after a rich breakfast we all meet again at the parking lot where we once again start in groups of 20 – 25 cars. Our way leads us to a special destination such as a medieval fortress, a military base, a historical monument or castle, US Army barracks e.g.

After this exciting, informative and interesting day we return to the Ringberg Hotel a little earlier than Saturday because lots of local residents and interested visitors will come in the afternoon to look at and admire our Corvettes and we'll spend the rest of the day at the parking lot with beer & drinks & sausage stands and important Corvette conversations.

Since it is the last evening of this great event we will have a nice farewell dinner and a last Party all together.

On **Monday, June 9th**, we will check-out early at **9 AM** because we have a very long drive – almost 500 km – in front of us. We will drive the German Autobahn and since it is a public holiday where trucks are not allowed to drive, we will have some great parts without speed limit where we can try our Corvettes and speed up a little bit..... 😊😊😊

In the middle of our long Autobahn journey we will take a lunch break at the Köschinger Forst rest area. After another 250 km we will exit the Autobahn in Hall/Tirol in Austria for a one-night stay at the nice hotel "Gasthof Badl".

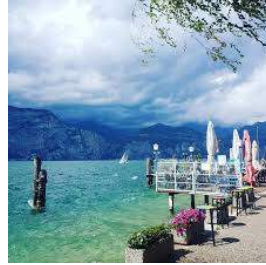

After the long drive we will take a little walk from our hotel over the Inn bridge to lovely Hall Downtown where we will enjoy a great dinner in the authentic Tirolean "Paulaner Keller" before we fall asleep tired from a busy driving day.

On **Tuesday, June 10th**, after a relaxed breakfast we will drive south over Bolzano and Trento to Lake Garda in Italy on the Autostrada A 22 which we exit in Rovereto South direction Riva del Garda and drive the breathtaking Gardesana scenic road along Lake Garda to Sirmione peninsula. On our wonderful curvy ride along the lake we will stop at the hip bar and gelateria "Barino 2.0" in Brenzone for a little relaxing waterfront lunch or coffee and ice cream break.

BARINO^{2.0}

 CAFFÈ - COCKTAIL BAR

After this nice stop we will follow the lake through the romantic fishing villages Malcesine, Torri del Benaco, Garda, Lazise, Bardolino and Peschiera del Garda to lovely peninsula village Sirmione with its historical "Castello Scagliero". It is a fortress from the Scaliger era, an access point to the historical center of Sirmione and one of the most complete and well-conserved castles of Italy.

To reach our nice hotel we need to **drive in a convoy over the drawbridge of the fortress and the pedestrian zone through the old town of Sirmione** where all locals and visitors of Sirmione can salute our Vettes. Italians love the sound of loud exhausts and burnouts,not sure if tourists also do.... I strongly doubt German tourists will do ;-)
 This is such a powerful experience full of pure adrenaline and joy 😊

We will move in to the beautiful 4**** Hotel "Olivi Thermae & Natural Spa" just behind the old town of Sirmione (the old town is within 10 minutes walking distance). The hotel has excellent reviews, a very good location overlooking the Lake Garda and has a large SPA area and nice air-conditioned lake view rooms.

The Hotel "Olivi Thermae & Natural Spa" is one of the few hotels with its own private car parking lot. Most other hotels in the old town area offer their guests only parking spaces in the city's public car parking lots.

If we are early enough in Sirmione we can explore the village, go shopping, have coffee and ice cream, make a boat trip or use the pool and SPA area of the hotel before dinner.

At **7:30 PM** we all will go for dinner to the beautiful Ristorante "L'Arcimboldo" in Downtown Sirmione - a 5-minute walk to a nice place with very good and authentic Italian food. If the weather is nice and warm we certainly will dine on their lovely waterfront terrace.

Wednesday, June 11th is completely at your disposal. You can relax at the pool or Spa, go shopping or discover Sirmione and the castle - or - for example, you can walk to Sirmione harbor pier and take a ferry boat to lovely Bardolino, a lively wine town on the Olive Riviera of Lake Garda.

Thanks to the light, sparkling red wine, the small town of Bardolino is on everyone's lips. It grows in the hilly hinterland of the former fishing village, which today exudes a rather urban atmosphere. The open old town with its wide streets, numerous shops and long promenade invites you to stroll. There you can enjoy a nice lunch break in one of their outside seating restaurants or cafés with a refreshing glass of Bardolino wine or some ice-cream.

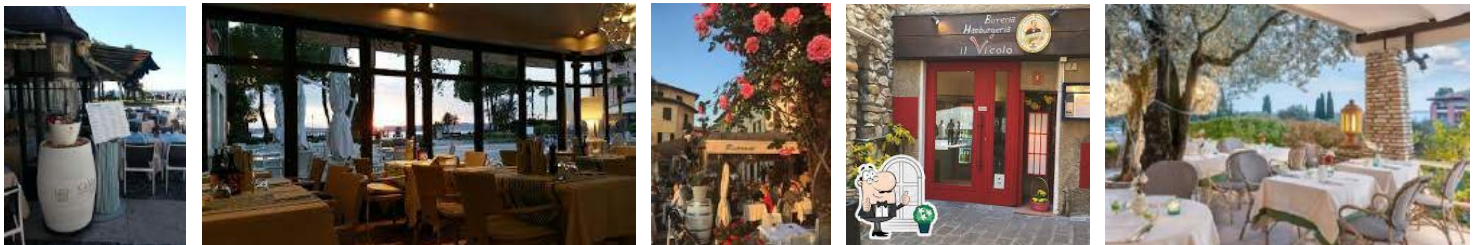

After a nice stay in Bardolino you can again hop on a boat and go to Garda and/or Lazise - both are wonderful romantic fishing villages with a historic old town.

Garda is located between the huge rock Rocca and the very beautiful peninsula San Vigilio. A lovely and varied vegetation is native to the Bay of Garda. Cypresses, olive trees, myrtle and also oleanders grow here. Garda has many romantic corners, but also the bustle in the city center. During the Roman period, the place was called the "pearl" of the lake. The Lake Garda is named after the city of Garda.

Lazise is a picturesque small town on the south-eastern shore of Lake Garda, which harmoniously combines history and the present. The old city wall with all its towers and gates surrounds Lazise like a protective wall. And right in the middle, squares and narrow alleys leave enough space to offer the wide promenade enough space to the beach.

After a relaxing day at the pool or an exciting sightseeing or shopping day we will have dinner together either in one of the many restaurants at the pier of Sirmione, at the funny "Birreria & Hamburgeria Il Vicolo" (if we can get a reservation there) or on the lovely terrace of our hotel restaurant "Degli Ulivi".

On **Thursday, June 12th**, we will check out and leave Hotel Olivi after breakfast at **10 AM** and drive 141 km to the one and only PAGANI Automobili S.P.A. in Modena. We will have an English guided tour through the factory of Pagani Automobili at **1 PM**. Pagani is a small volume manufacturer of one of the most expensive 12-cylinder sports cars worldwide. "....so everything had to come together as if it was a car carved out of a block of Carrara marble...." said Horacio Pagani about his newest dream car project – the Utopia. With a lot of luck we even might see Signore Horacio Pagani himself.

Huayra

After this highly interesting experience we will drive about 17 km to Sant'Agata Bolognese where - with a lot of luck - we might have a personal English speaking LAMBORGHINI factory tour in the afternoon through the assembly line where the SUV "Urus" and the Hybrid Supercars "Revuelto" and the brand new Huracan successor "Temerario" are built – but this can't be promised yet. However, we will certainly visit the museum of Lamborghini Automobili S.P.A.

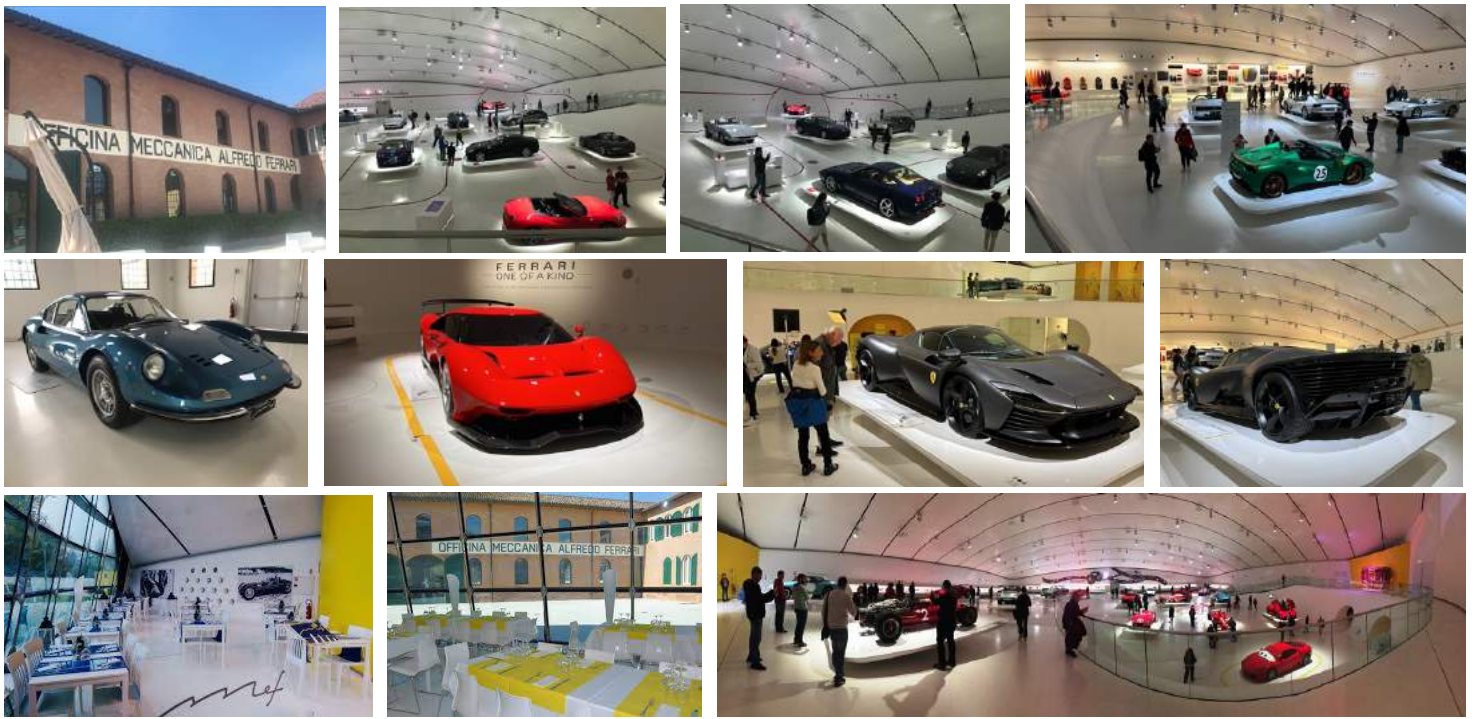

When we are finished with the exciting Lamborghini factory or/and museum we drive to Maranello – the birthplace of Ferrari – and check-in to the beautifully restored "Villa Maranello", a nice small hotel in Downtown Maranello and a former residency of Signore Enzo Ferrari.

At **7:30 PM** we will meet at the lobby and walk less than a mile (or take a taxi) to the restaurant of "Mamma Rosella" - Ristorante Montana - behind Ferrari's Fiorano Race Track, where we will have a wonderful dinner at **8 PM** – it's **THE** hangout of every Formula 1 driver and the favorite restaurant of famous world champion Michael Schumacher.

On **Friday, June 13th**, after breakfast at **9:30 AM** we will drive to the great "Ferrari Museo and Casa Enzo" in Modena where we will have an English guided tour through the museum at **11 AM**. And whoever is hungry and thirsty can have a lunch snack and drink at their "Caffetteria & Ristorante Giallo Modena" after the guided tour.

After lunch break we will walk 500m to MASERATI S.P.A. where we will have another great factory tour at **2.30 PM**. The starting-point for this journey is the historic plant on Viale Ciro Menotti in Modena. The Modena plant, where the Trident has had its home for over 80 years, is a magical location that combines the Brand's "made in Italy" DNA and its Heritage with an irrepressible drive towards the future and innovation: the plant has been modernised with new production, engine assembly and painting facilities specifically for the MC20. Lasting about an hour, the exclusive factory tour includes a welcome reception and historical introduction in the recently renovated showrooms prior to a guided walk around the powertrain department. Afterwards there is the opportunity to view the cars in the showroom and browse through the Maserati store.

At **7:30 PM** we will meet at the hotel lobby and ride on reserved taxis to the fabulous and known only by locals Ristorante "Il Piccolo Mugnaio" in Torre Maina for a nice and authentic outback dinner in an old romantic mill - a very natural place to enjoy and have fun – where we sit in the middle of the kitchen while Mamma is cooking and her daughters are serving. And believe me: a taxi will be needed after Mamma's wonderful tasty Limoncello..... 😊 😊 😊

On **Saturday, June 14th**, after breakfast at around **10:30 AM** we will drive to the unique “Collezione UMBERTO PANINI Motor Museum” - a beautiful small private museum which contains a collection of Maserati heritage — a century of speed, raw power, and refined design.

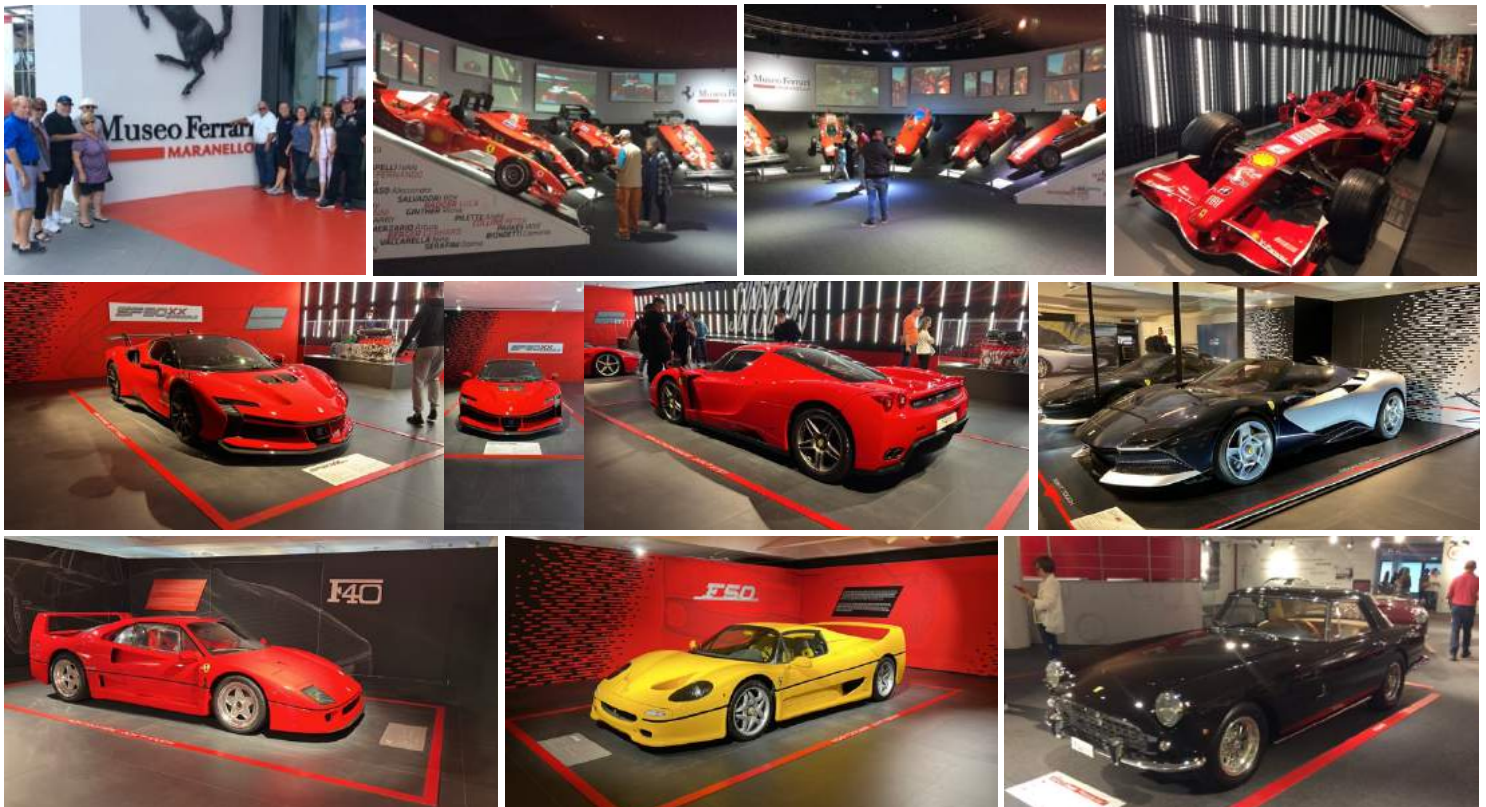

The core of the automobile collection is Maserati History: 19 of the finest cars Italy has ever produced. Umberto Panini, a Modena native and the patriarch of the family famed for their collectible empire, purchased the collection before it went to auction in 1996, housing the cars at Hombre, the family farm – which they sold recently.

Afterwards we will visit the wonderful “Acienza Agricola Acetaia Leonardi Giovanni”, a traditional “Aceto Balsamico di Modena” (also called the liquid gold) vinegar factory, where we will have an English spoken guided tour through the factory and enjoy a nice “Taste of Modena” lunch with typical local delicacies and vinegar tasting at **1:30 PM**.

After the interesting and tasty visit at the vinegar factory we return to our lovely Villa Maranello and store our Corvettes in the parking lot. In the late afternoon we will walk a few meters to the famous “Galleria Ferrari”, the world-renowned Ferrari Museum and Store in the birthplace of the great sports and race car.

On **Sunday, June 15th**, we will leave Villa Maranello at **10:30 AM** to drive around 240 km to Lido di Jesolo, where we will stay for the next 3 nights.

On our way to Lido di Jesolo we will make a quick stop in Funo to visit the wonderful “Ferruccio Lamborghini Museum”.

Arrived in Lido di Jesolo we will check-in to the wonderful beach hotel “Casa Bianca al Mare”, where we will recover from the *exhausting* visits of the car factories and museums and let us go really well. We will only eat and drink and swim and relax and do the best for ourselves – and certainly will have a lot of fun !!! 😊😊😊

At **7:15 PM** we will all meet in the lobby and walk 190 ft. to the nice and good “Ristorante Pizzeria Gustéo” for dinner.

The next day – **Monday, June 16th** – is completely at your disposal. You can either take a walk through the lovely village of Jesolo and shop or relax at the beach or pool – or pool bar – from the stressful last days 😊

We will meet again in the lobby at **7:15 PM** and walk just a few minutes to a great funny dinner place called COCORICO.

On **Tuesday, June 17th**, after an early breakfast we will leave the hotel at **7:30 AM** and take the public bus to Jesolo Harbor Punta Sabbioni, where we'll take a 45-minutes boat trip at 9:15 AM to Piazza San Marco in Downtown Venice.

Venice will be one of the highlights of our whole tour. Welcome to the glorious, incomparable city of Venice, Italy. With its grand marble palaces and churches seeming to float atop the city's many canals, and boasting the world's most artistic masterpieces per square mile, this city will amaze you in every way.

At **10.30 AM** we will meet bella Luisella – our private English speaking tour guide – who was born in Venice and knows the city inside and out. She will show us all the attractions and point of interests of Venice and tell us everything about the history of the lagoon city. After the guided walking tour through the City of Venice we will hop on a gondola, or do as the locals do and take a Vaporetto along Venice's fabled Grand Canal. Our guide will point out the architectural wonders as we glide along from the Rialto Bridge to Doge's Palace and Piazza San Marco. Make sure to go inside the Basilica di San Marco, one of the most spectacular houses of worship in the world.

Everybody who wants to can have lunch or coffee, cake and ice cream or a drink in one of the many restaurants, cafés and bars of the city. The early afternoon is at your disposal.

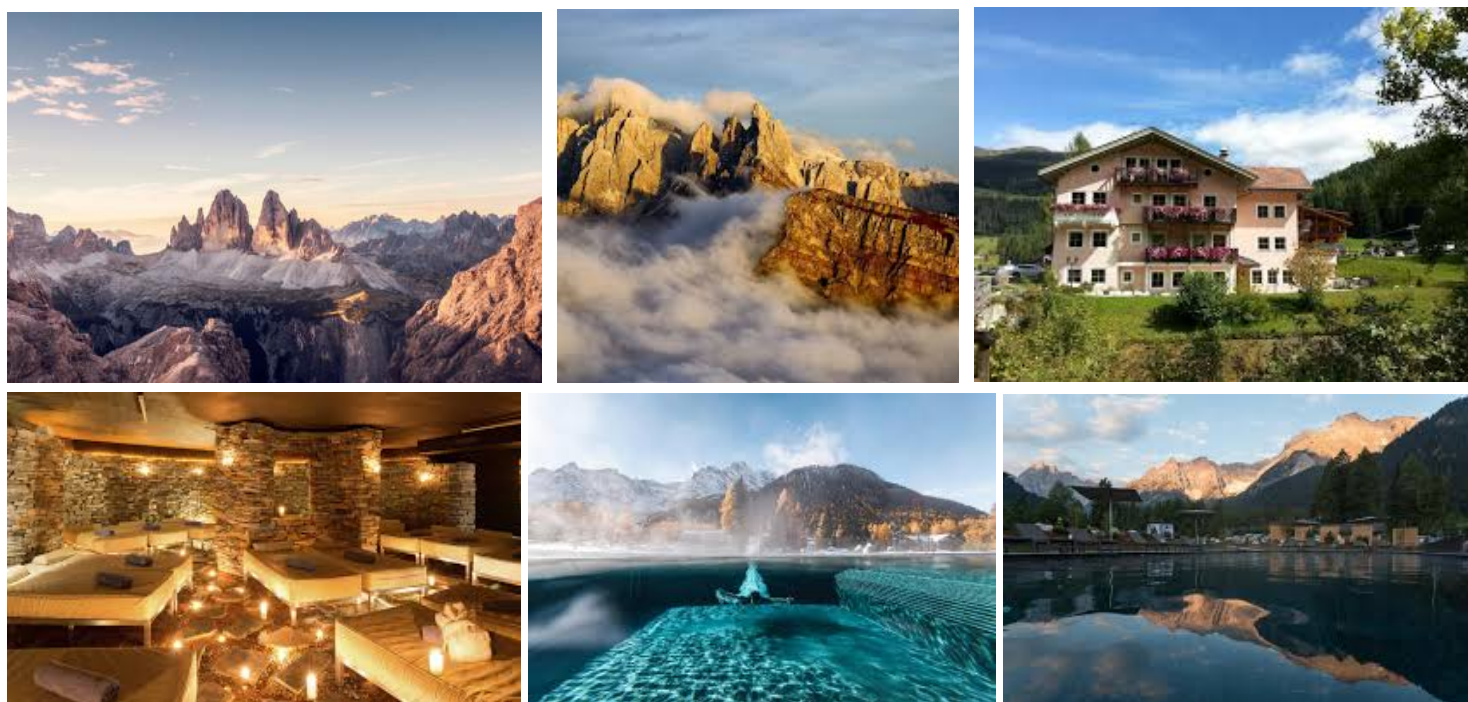

After a splendid time in Venice we will close the day with a late lunch/early dinner at **3:30 PM** in one of the many nice Venetian restaurants, maybe one close to the gate where our boat back to Punta Sabbioni is leaving at **6 PM**.

We will close the evening with a satisfying “nightcap” on our beautiful waterfront terrace.

On **Wednesday, June 18th**, after a late and relaxed breakfast and checkout we will leave the beautiful “Casa Bianca al Mare” at around **11:30 AM**.

We will drive 185 km the Autostrada A27 via Treviso and along Lago di Santa Croce and the SS51 through the beautiful breathtaking Dolomites mountain scenery with their bizarre rock formations. We will pass the UNESCO World Heritage “Three Peaks” to Bagni di San Giuseppe and check-in to the lovely “Hotel Mühlhof”, a dependance of the wonderful BAD MOOS Dolomites SPA Resort where the use of their nice Pool and SPA area is included and where we have dinner.

On **Thursday, June 19th**, after a great breakfast, our way leads us over one of the most exciting and spectacular pass roads in the world, the **Grossglockner High Alpine Road**. We will have a lunch break at Europe’s highest by car reachable restaurant, the “Kaiser Franz Joseph Haus”.

The 48 km long **Grossglockner High Alpine Road** is the highest surfaced mountain pass road in Austria. It connects Bruck in the state of Salzburg with Heiligenblut in Carinthia via Fuscher Törl and Hochtor Pass at 2,504 meters (8,215 ft). The road is named after the Grossglockner, Austria's highest mountain. Built as a scenic road, a toll is assessed for passage. This alpine road is one of the highest driving pleasures worldwide – every kilometer and every single one of the 36 turns is a treat for car and mountain lovers 😊

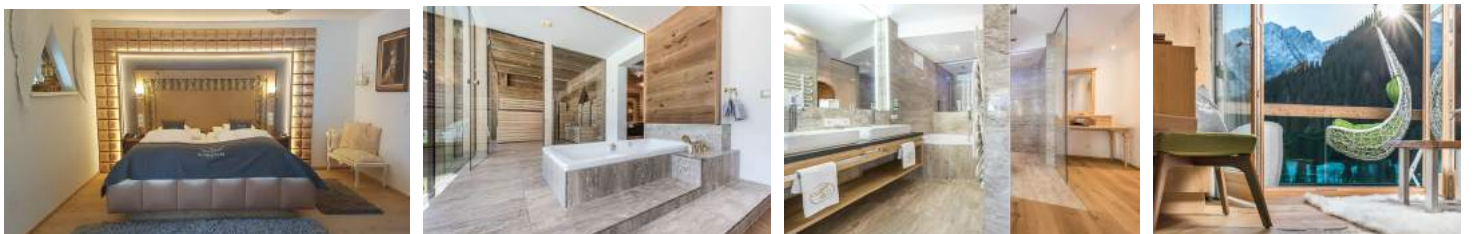

The Grossglockner is, at 3,798 meters (12,461 ft) above the Adriatic, the highest mountain in Austria and the highest mountain in the Alps east of the Brenner Pass. The Pasterze, Austria's most extended glacier, lies on the Grossglockner's eastern slope.

After around 170 exciting mountain kilometers we will arrive at the wonderful **Hotel Schönruh****** which is beautifully located in the lovely mountain village Gerlos in the middle of the fantastic mountain scenery of the Zillertal, where we will be part of our yearly "Sports Car Season Opening" for the next 3 days.

The Hotel Schönruh**** will welcome us and our Corvettes and all other sports cars in their 3 garages and carports.

Anyone who has already joined the weekend with us knows the excellent Schönruh cuisine. Whether it is a gala dinner or a buffet, a breakfast or a snack, a barbecue or a kitchen party - no culinary desires remain open.

A wonderful pool and wellness area including a sauna area with 9 saunas and steam baths invites you to relax and unwind, so don't forget to bring your bathing clothes. And of course the fun does not come too short 😊😊😊

The owners Elfi & Franz and their son Manuel and daughter in law Sandra and the whole staff are prepared for us and can't wait to arrange a wonderful weekend for us. The following 2 daily tours will be leaded and guided by the hosts.

We will arrive in the late afternoon where the hotel staff already await us with a welcome drink and lunch buffet, where we meet the other sports cars drivers who came separately from other directions. After moving into our beautiful rooms we can enjoy the pool and the SPA facilities or relax at their lovely terrace or hotel bar.

At **7:00 PM** we all will have a lot of fun at Elfi's Schnaps (liquor) barrier at our world famous „Kitchen Party“!

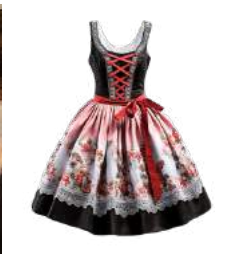

The planned daily trips for **Friday, June 20th** and **Saturday, June 21st** are not fixed yet but will be great tours to very beautiful and interesting places with breathtaking views – as every year.

On **Friday evening** we will enjoy a romantic BBQ evening with a smoker grill on the Schönruh terrace - musically accompanied by the ingenious Zillertaler "Grenzgängersound" ("Boarderwalkersound" 😊)

On **Saturday evening**, after another wonderful day, we all celebrate our one and only world famous "Sports Car Costume Dinner Party" with Aperitivo on the terrace - a perfect dinner and party with music and dancing at the Hotel Schönruh - so therefore we kindly ask every participant to bring a traditional costume – no matter from which country, religion or era 😊 😊 😊

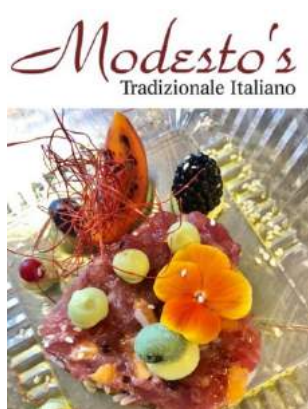

On **Sunday, June 22nd**, after a late, relaxed and hearty breakfast at the "Schönruh Sparkling Wine Breakfast Buffet" we will leave Gerlos and drive together with some other sports car drivers back to Munich on the beautiful Achenpass road along the lake and have a little coffee or lunch break at the "Jailhouse – American Diner and Bar" in Bad Tölz before we return to the Best Western PLUS Hotel ERB.

On your last evening in Europe we will pick you up at **7 PM** with a van or bus - so that everyone can enjoy one (or more) glass(es) of wine or prosecco - and go to visit our friends Eleonora & Giuseppe and their beautiful authentic

Italian Ristorante “Modesto’s” for a wonderful farewell dinner as a very last greeting from Bella Italia

I wish you a pleasant flight back home and hope to see you again very soon on one of my next tours.

All the best, Mandy

In the event of cancellation of a journey due to Force Majeure, PICT retains the right to appropriate compensation for services already provided or necessary for the travel conditions. The contractual liability of PICT for damages, which are not personal injury, is limited to three times the travel price, as far as a damage of the traveler is neither intentionally nor grossly negligently caused or as far as PICT is responsible for a damage to the traveler because of a fault of a service provider. This maximum liability is valid per traveler and journey. PICT is not liable for damages caused intentionally or grossly negligently by the travel participant. If the traveler culpably fails to report a deficiency, the right to reduction does not apply.

5. Liability of the tour participant

The traveler participates on the journey at his own risk. He is instructed in the handling of the vehicles and is responsible for compliance with the Highway Code and all legal requirements. The traveler is liable for self-inflicted accident and other damage to PICT mediated vehicles up to the amount of excess EURO 5,000 (ca. USD 5,500) per claim. The participant is liable without limitation if he caused the damage by intent or gross negligence or if the damage was caused by alcohol or drug-related unfit driving, in case of accident or proven improper handling of the mediated by PICT vehicle.

6. Cancellation / rebooking of the client

PICT insists on the conclusion of a travel cancellation insurance - see 9. Insurance. The cancellation fees vary depending on the length, type and destination/route of the trip, so please refer to the respective offer brochure. The resigned participant is at liberty to prove that PICT did not incur any damage or a significantly lower damage than the lump sum demanded by him. The travel participant may request that a third party (substitute) enter into the rights and obligations of the travel contract. PICT can only object to the change in the person if there are important reasons (for example, lack of availability of two single rooms instead of a double room). A refund for unused services is not provided, this applies in particular to the untimely arrival at the start of the journey or for early departure. In this case, PICT reserves the right to charge separately for any additional expenses (for example, for an additional lodging or transfer).

7. Cancellation of the tour organizer

PICT may terminate the travel contract without notice, if the journey is permanently disturbed by the travel participant or if a permanent improper treatment of the vehicles brokered by PICT is detected. Any additional costs for the return journey shall be borne by the excluded traveler. PICT retains the right to the travel price with deduction of saved travel expenses. PICT shall be entitled to terminate a travel contract up to 4 weeks prior to departure, if its execution is unreasonable for PICT after exhausting all possibilities, because the costs incurred in the event of execution exceed the economic limit of the victim's travel costs, if PICT is not responsible for the circumstances leading to the cancellation and proves the circumstances. If the trip is cancelled for this reason, without the traveler claiming the alternative service, he will receive the paid travel price back immediately. PICT is also entitled to cancel the trip up to 6 weeks prior to departure and refund the deposits received if the required minimum number of participants is not reached due to customer cancellations or too few registrations and the cost-effectiveness is therefore no longer given.

8. Safety

The PICT routes are carefully selected routes that usually take place on minor roads. Sections with higher traffic such as highways are possible and depending on travel route also necessary. The vehicles used by PICT are regularly maintained and are in excellent technical conditions. They comply with all legal regulations in all aspects. The tour operator strives to carry out the PICT tours to the complete satisfaction of the participants. The presence at the instruction for the use of the vehicles is obligatory for all participants, who drive one thru PICT provided vehicle. All Instructions given by the tour management to the participants are binding.

9. Insurance

Included in the travel price is the motor vehicle liability insurance, a fully comprehensive insurance with a deductible of EURO 5,000 (ca. USD 5,500). In case of damage, the tour guide must be informed immediately. The conditions of the insurance contract can be viewed by the travel participant at PICT. The travel price does not include a baggage, medical, rental car damage protector and cancellation insurance.

All participants MUST buy a comprehensive travel insurance policy before leaving for the tour. The insurance should include covering of medical/dental, personal effects, cancellations for any reason and rental vehicle excess.

10. General provisions

Claims against PICT must be made in writing no later than one month after the end of the trip at the registered office of the organizer. After expiry of the period, the participant may only assert claims if he has been prevented from observing the deadline without fault. Contractual claims for damages become time-barred after two years. PICT informs the nationals of the state in which the travel is offered about travel, passport, visa and health regulations as well as their possible changes before departure. The participant is responsible for the observance of all important regulations for the realization of the journey. All disadvantages, in particular the payment of cancellation fees, resulting from the non-compliance with these regulations are at the expense of the customer, unless they are caused by culpable misinformation or non-information of PICT. All costs not included in the tour price, such as warnings (fines), are indicated separately in the offer brochure. Verbal agreements require the written confirmation to be effective. The participant can sue PICT only at its seat. PICT 's claim against the traveler is governed by the latter' s domicile, unless the action is directed against registered traders or persons who have moved their domicile or habitual residence abroad after the conclusion of the contract or whose domicile or habitual residence is at the time of Action is not known. In these cases, the seat of PICT is authoritative.

11. Ineffectiveness

The ineffectiveness of individual provisions of the travel contract does not result in the ineffectiveness of the entire travel contract.

FAQ

Does the tour include airfare?

No. Most people like to fly with a dedicated airline where they can earn miles - and sometimes people also want to arrive earlier before the tour starts and leave later because they want to travel to other places before or after our tour. There is no point in booking flight tickets for clients – anyone can book as they wish a-la they have arrived at the start of our tour.

In which city and European Country does the tour start and where does it end?

The tour officially starts in Munich, Germany and also ends in Munich. On the day of your arrival there will be a dinner where we will meet everyone for the first time and have an important tour briefing with all traffic rules and restrictions in Germany, Austria and Italy. Please stay and listen closely to the instructions.

What should I bring?

A travel light and/or a flashlight are not bad. Since we do not exactly know in advance which Corvette types (C8 Coupe or Convertible - or if desired also a C7 Coupe) we will get: Please remember that you don't take more luggage with you than EASILY fits in the car – don't forget that you might go shopping in Italy. (The trunk and frunk of the C8 coupe and convertible is smaller than the C7 coupe trunk space – **C7 Coupe 15 cubic-feet/425 L vs C8 Coupe (European Model) 11.6 cubic-feet/328 L and C8 Convertible 9 cubic-feet/255 L**). **PLEASE NOTE: NO LUGGAGE VEHICLE WILL ACCOMPANY US!!!** Also bring a warmer jacket (just in case...). There is no dress code anywhere but for the upscale restaurants you might want to bring a nicer evening outfit. Please bring something **white** for the "Sportscar White Night Gala-Dinner & Party" at the Hotel Schönruh. The tour includes men's and women's polo-shirts – please let me know your sizes and preferred colors on the attached registration form.

How's the weather in Germany, Austria and Italy in June?

Usually the weather in Germany in June is quite nice with an average temperature of around 23°C / 73F. It can be a bit cooler in Austria and the mountain regions, but in Italy the temperature is usually around 27°C / 80F – but it could also be cooler or warmer.....

What are the speed limits in Germany, Austria and Italy?

It depends on which road you are driving... On the German Autobahn (highway) – when there is no speed limit displayed – you can drive as fast as you like. By law slower traffic must stay in the right lane while the left lane is the fast (passing) lane. Driving slowly in the left lane is not allowed. When a speed limit is displayed, it applies to all lanes. The speed limit on a country road in Germany is 100 km/h (62 mph) if there is no special speed limit sign.

In Austria the speed limit on highways is between 100 km/h and 130 km/h – it is displayed in the traffic monitoring system. On country roads the same rules apply as in Germany. Speeding fines are very high compared to Germany.

In Italy, the speed limit on Autostradas (highways) is between 110 km/h and 130 km/h (sometimes even 150 km/h) – it is also displayed in the traffic monitoring system. The speed limit on country roads is 90 km/h (56 mph). Speeding is also very expensive in Italy, but in the 40+ years that I have had my driver license I have never been stopped for speeding in Italy. Driving in Italy is „narrow“, but ok - traffic flows and you'll go with the flow. But they now have Autostrada cameras, so be very careful – speeding is extremely expensive in Italy – more expensive even than in Austria.

Is security an issue in Italy?

Not where we are going. All of our hotels we stay in and the places we visit are very safe and we won't go to any unsafe places, so don't worry at all. For the rented Corvettes we will have garages or guarded parking lots everywhere. BUT: Never leave any personal items like purses, wallets, handbags, cell phones, cameras and other valuables– or things that look like them – visible in the car – this could tempt thieves to smash the windows and break into the cars.

I do not speak German or Italian, how do I get along?

Most Germans, Austrians and Italians speak English. You'll also learn to communicate with hands and feet.

Do I need an International Driver License / International Driving Permit (IDP)?

Not in Germany but required in Italy and Austria. You can easily apply for it and buy an International Driver License / Permit (IDP) for USD 20.00 from AAA or CDN 25.00 from CAA. Details can be found 2 pages before.
