“20th Int'l European Corvette Convention”, BMW World & MOTORWORLD – GERMANY

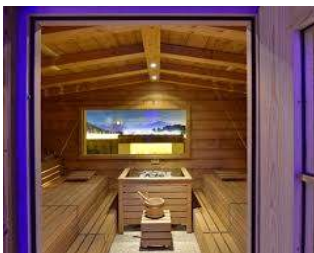

May 2nd – 19th, 2027

This wonderful 16-day-tour will take us on an exciting Corvette Road-Trip through Germany, where we will participate in the **20th Anniversary** of the “**International European Corvette Convention**” - we will visit factories and museums of the major Italian car manufacturers, see lovely Venice in Italy and drive through amazing roads through the Austrian Alps.

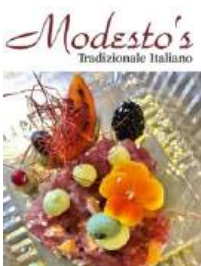

You will arrive at Munich Airport, Germany, on **Sunday, May 2nd**, where we will pick you up and bring you to the nice “Best Western Plus Hotel ERB” for your first night, where you will meet the other participants of this tour.

Until it's time for dinner you can relax from the long flight, enjoy the spa area “Almdorf SPA” with 5 different saunas and a steam bath and/or have lunch at their restaurant “Almgrill” or a drink at the bar, while we pick up the other participants and the Corvettes.

We will pick you up at **7 PM** for dinner which we will enjoy in our friends Eleonora & Giuseppe's fine Italian restaurant “Modesto's” - as a foretaste of the next 10 wonderful days in Bella Italia 🇮🇹 🇮🇹

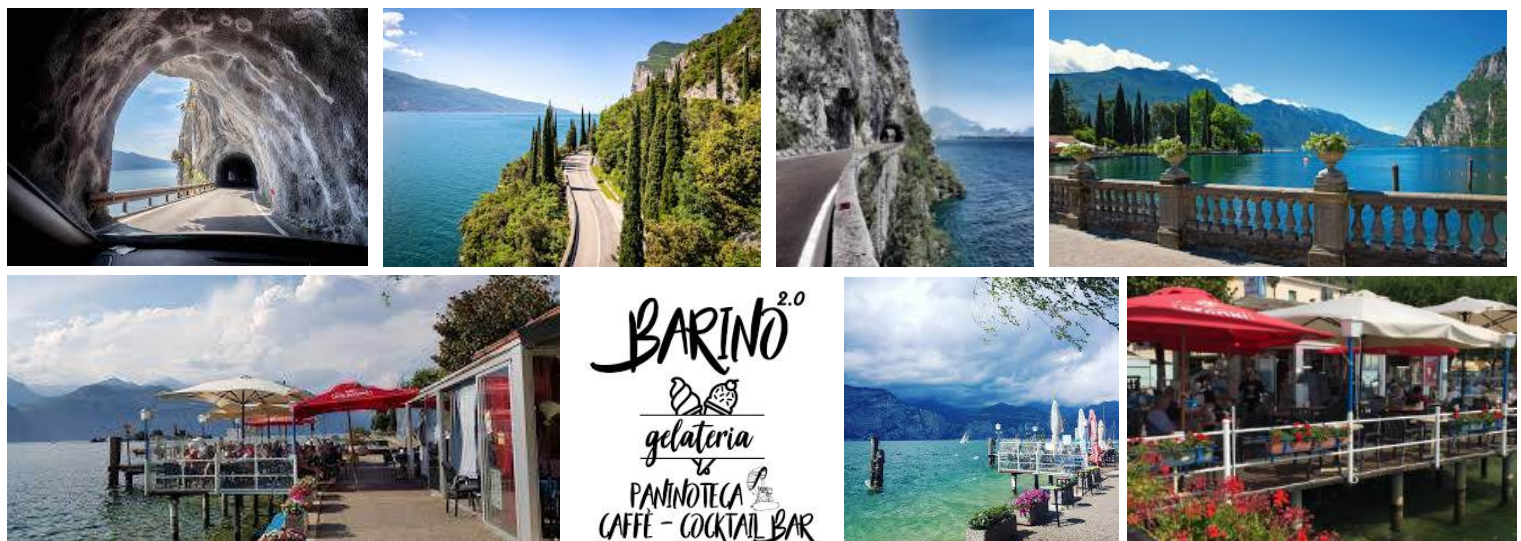

On **Monday, May 3rd**, we will leave “Hotel ERB” at **11 AM** and drive a short distance on the German Autobahn to exit Holzkirchen, from where we will drive nice country roads via Bad Tölz, Lengries and the Sylvenstein reservoir lake along Lake Achensee and the Achenpass to Tyrol, Austria. We might have a short lunch break at the nicely located Restaurant Café & Pizzeria “Kanzelkehre” on their beautiful terrace overlooking the mountains - if they are open, depending on the weather. After lunch we will drive another 90 km on Austrian and Italian highways to our first overnight stay at the beautiful and hip “Steindl's Boutique Hotel” in Sterzing (Vipiteno) in South Tyrol, Italy.

After a little walk through the lovely old town of Sterzing we will enjoy a great dinner in the authentic South Tyrolean restaurant “Kolping Haus”.

On **Tuesday, May 4th**, after an extraordinary breakfast we will drive south to Lake Garda on the Autostrada A 22 where we exit Rovereto South direction Riva del Garda and drive the breathtaking scenic Gardesana road along Lake Garda to Sirmione. On our wonderful curvy ride along the lake we will stop at the hip bar and gelateria “Barino 2.0” in Brenzone for a short waterfront lunch or coffee/ice cream break. If the weather doesn’t cooperate... we will take the autostrada.

After this nice stop we will follow the lake through the romantic fishing villages Malcesine, Torri del Benaco, Garda, Lazise, Bardolino and Peschiera del Garda to lovely peninsula village Sirmione with its historical “Castello Scagliero”. It is a fortress from the Scaliger era, an access point to the historical center of Sirmione and one of the most complete and well-conserved castles of Italy.

To reach our nice hotel we need to **drive in a caravan over the drawbridge of the fortress and the pedestrian zone through the old town of Sirmione** where all locals and visitors of Sirmione can salute our Vettes. Italians love the sound of loud exhausts and burnouts,not sure if tourists also do.... I strongly doubt German tourists will do ;-)

This is such a powerful experience full of pure adrenaline and joy 😊😊😊

We will check-in to the beautiful 4**** Hotel "Olivi Natural Spa" just behind the old town of Sirmione (the old town is within 10 minutes walking distance). The hotel has excellent reviews, a very good location overlooking the Lake Garda and has a nice pool and SPA area and air-conditioned lake view rooms.

The Hotel "Olivi Natural Spa" is one of the few hotels with its own private car parking lot. Most other hotels in the old town area offer their guests only parking spaces in the city's public car parking lots.

If we are early enough in Sirmione we can explore the village, go shopping, have coffee and ice cream, make a boat trip or use the pool and SPA area of the hotel before dinner.

At **7:30 PM** we all will go for dinner to the beautiful Ristorante “L’Arcimboldo” in Downtown Sirmione - a 5-minute walk to a nice place with very good and authentic Italian food. If the weather is nice and warm we certainly will dine on their lovely waterfront terrace.

Wednesday, May 5th is completely at your disposal. You can relax at the pool or Spa, go shopping or discover Sirmione and the castle - or - for example, you can walk to Sirmione harbor pier and take a ferry boat to lovely Bardolino, a lively wine town on the Olive Riviera of Lake Garda.

Thanks to the light, sparkling red wine, the small town of Bardolino is on everyone's lips. It grows in the hilly hinterland of the former fishing village, which today exudes a rather urban atmosphere. The open old town with its wide streets, numerous shops and long promenade invites you to stroll. There you can enjoy a nice lunch break in one of their outside seating restaurants or cafés with a refreshing glass of Bardolino wine or some ice-cream.

After a nice stay in Bardolino you can again hop on a boat and go to Garda and/or Lazise - both are wonderful romantic fishing villages with a historic old town.

Garda is located between the huge rock Rocca and the very beautiful peninsula San Vigilio. A lovely and varied vegetation is native to the Bay of Garda. Cypressess, olive trees, myrtle and also oleanders grow here. Garda has many romantic corners, but also the bustle in the city center. During the Roman period, the place was called the "pearl" of the lake. The Lake Garda is named after the city of Garda.

Lazise is a picturesque small town on the south-eastern shore of Lake Garda, which harmoniously combines history and the present. The old city wall with all its towers and gates surrounds Lazise like a protective wall. And right in the middle, squares and narrow alleys leave enough space to offer the wide promenade enough space to the beach.

After a relaxing day at the pool or an exciting sightseeing or shopping day we will meet in the lobby at **7 PM** and walk just a few steps to Ristorante “Al Pescatore” for great seafood, pasta and pizza.

On **Thursday, May 6th**, we will check out and leave Hotel Olivi after breakfast at **10 AM** and drive 141 km to the one and only PAGANI Automobili S.P.A. in Modena. We will have an English guided tour through the factory of Pagani Automobili at **1 PM**. Pagani is a small volume manufacturer of one of the most expensive 12-cylinder sports cars worldwide. “....so everything had to come together as if it was a car carved out of a block of Carrara marble....” said Horacio Pagani about his newest dream car project – the Utopia. With a lot of luck we even might see Signore Horacio Pagani himself.

Zonda

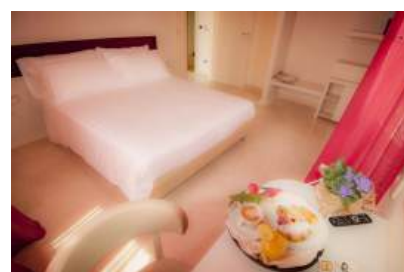

Huayra

After this highly interesting experience we will drive about 17 km to Sant’Agata Bolognese where we - with a lot of luck - might have a personal English speaking LAMBORGHINI factory tour in the afternoon through the assembly line where the SUV “Urus” and the Hybrid Supercars “Revuelto” and the brand new Huracan successor “Temerario” are built – but this can’t be promised yet. The whole year 2026 only the URUS assembly line was open for the public but people rather want to see how the supercars are built. However, we will certainly visit the museum of Lamborghini Automobili S.P.A.

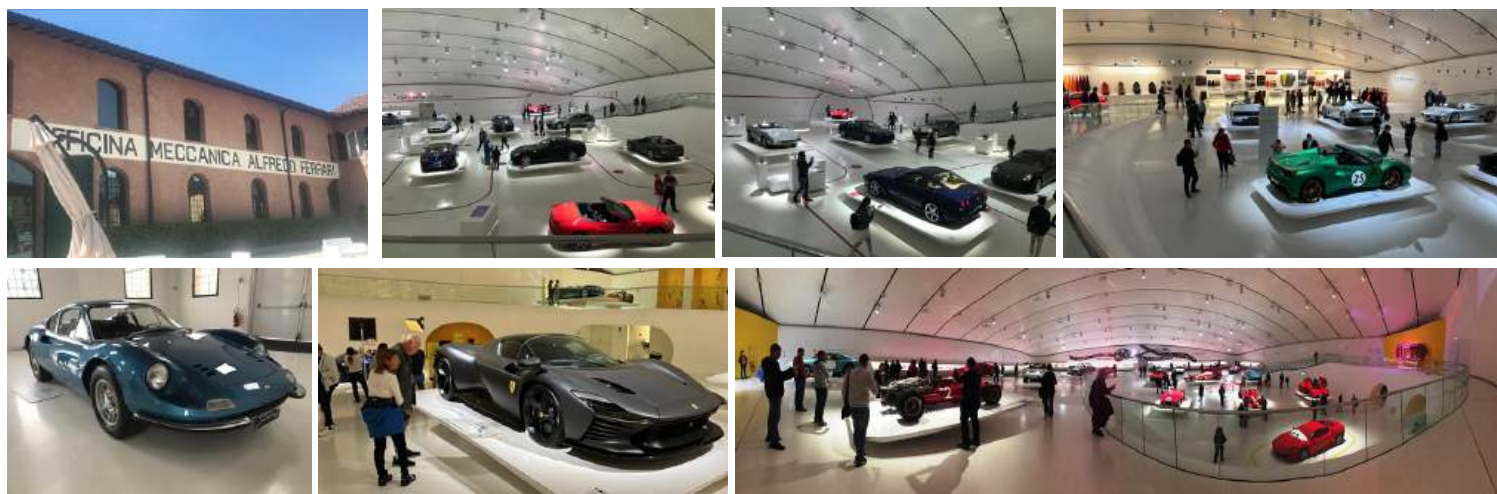

When we are finished with the exciting Lamborghini museum (and maybe factory) we drive to Maranello – the birthplace of Ferrari – and check-in to the beautifully restored “Villa Maranello”, a nice small hotel in Downtown Maranello and a former residency of young Signore Enzo Ferrari (according to the owner – also named Enzo ☺).

At **7:30 PM** we will meet at the lobby and walk less than a mile (or take a taxi) to the restaurant of “Mamma Rosella” - Ristorante Montana - behind Ferrari’s Fiorano Race Track, where we will have a wonderful dinner at **8 PM** – it’s **THE** hangout of every Formula 1 driver and the favorite restaurant of famous world champion Michael Schumacher.

On **Friday, May 7th**, after breakfast at **9:30 AM** we will drive to the great “Museo Enzo Ferrari” in Modena and enjoy their beautiful collection of FERRARI supercars.

Afterwards we will drive 17 km to visit the wonderful “Acienda Agricola Acetaia Leonardi Giovanni”, a traditional “Aceto Balsamico di Modena” (also called the liquid gold) vinegar factory, where we will have an English spoken guided tour through the factory and enjoy a nice lunch with typical local delicacies and vinegar tasting at **1 PM**.

After the nice experience of the Acetaia we will drive 16 km to visit the unique “Collezione UMBERTO PANINI Motor Museum” - a beautiful small private museum which contains a collection of Maserati heritage — a century of speed, raw power, and refined design.

The core of the automobile collection is Maserati History: 19 of the finest cars Italy has ever produced. Umberto Panini, a Modena native and the patriarch of the family famed for their collectible empire, purchased the collection before it went to auction in 1996, housing the cars after many years at the former family farm Hombro now in a brand-new facility close to the Race Circuit Autodromo di Modena.

At **7:30 PM** we will meet at the hotel lobby and ride on reserved taxis to the fabulous and known only by locals Ristorante “Il Piccolo Mugnaio” in Torre Maina for a nice and authentic outback dinner in an old romantic mill - a very natural place to enjoy and have fun – where we sit in the middle of the kitchen while Mamma is cooking and her daughters are serving. And believe me: a taxi will be needed after Mamma’s wonderful tasty Limoncello..... 😊😊😊

On **Saturday, May 8th**, after a long late breakfast we will leave the villa at **11 AM** and drive 13 km to the private house and now museum of the world-famous Italian Opera Maestro Luciano Pavarotti – the “Casa Luciano Pavarotti”. We will explore the private home, which Pavarotti built in his beloved hometown, and which has been transformed by the Pavarotti Foundation into a museum. It is housing his exceptional collection of personal items, unseen memorabilia, costumes and awards gathered throughout his artistic career. Luciano Pavarotti lived and died in this house. Absolutely worth the visit!

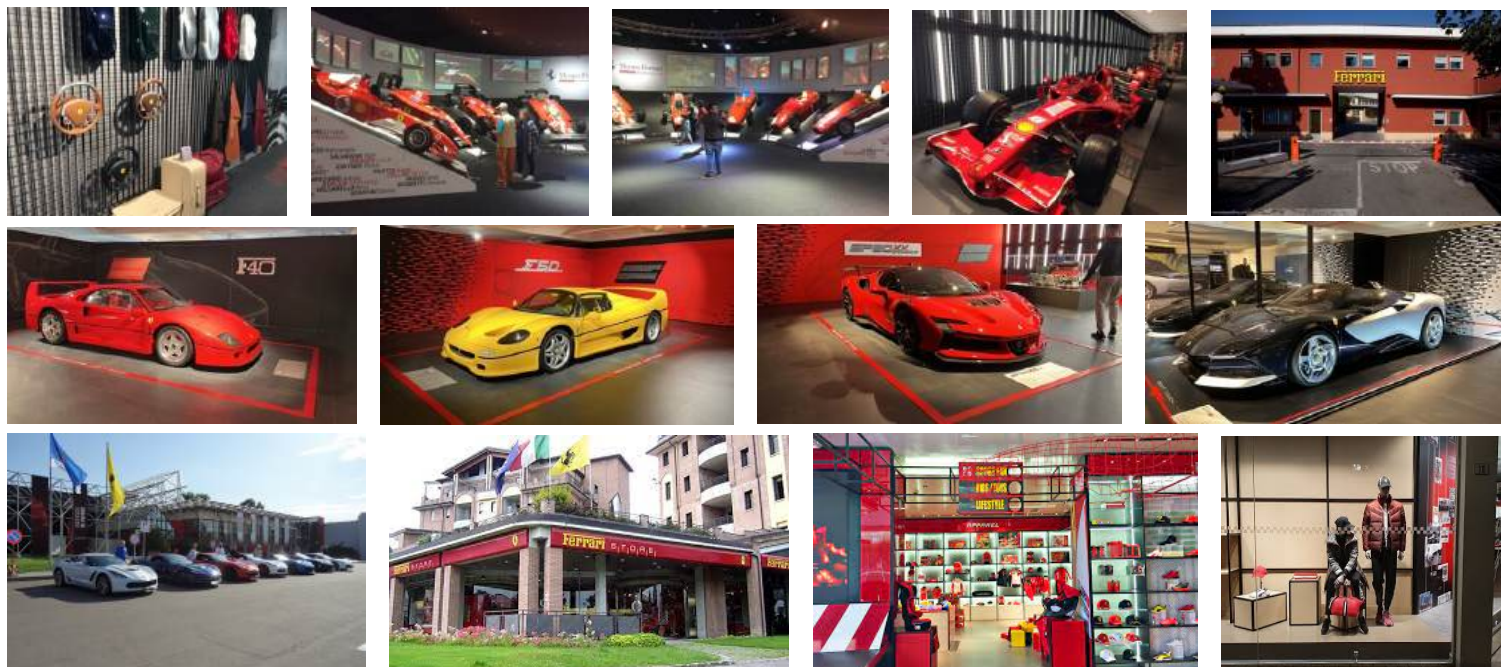

After the Maestro’s museum we return to our lovely Villa Maranello, park our Corvettes and may have a little lunch break in one of the many places in Maranello. Right across our villa is the very nice “Caffè dell’Orologio” with a great selection of little tasty things – open till **1 PM** for lunch and then again from **3:30 PM**.

In the later afternoon we walk a few meters to the famous “Galleria Ferrari”, the world-renowned Ferrari Museum and Store in the birthplace of the great sports and race car. And we can visit the Ferrari Flagship store. The museum is open until **7 PM** so everyone can decide which is the best time for visiting the museum.

At **7:30 PM** we meet at the parking lot and drive 8 km to Montale where we dine in a typical Italian outback mansion, called “La Contea di Montale”. If the weather cooperate with us ☺ we will definitely dine in their lovely garden.

On **Sunday, May 9th**, we'll check out from Villa Maranello at **10 AM** and drive around 240 km to Lido di Jesolo. On our way will stop in Funo to see the interesting Ferruccio Lamborghini Museum. A very personal museum run by Ferruccio Lamborghini's son Tonino Lamborghini. The exhibits are impressive. From the tractors and first cars with which Lamborghini started in the post-war period up to the 1980s, through to the family history and the industrial history associated with the company, many photos and the contemporary means of transport of the Lamborghini family are shown. The cars and exhibits shown in the museum are not in perfect museum condition because everything was used by the family and never restored before it entered the museum.

After the short stop at the museum we continue our drive to Lido di Jesolo at the Adriatic coast of the Mediterranean Sea, where we check-in to the elegant luxury beach hotel “Casa Bianca al Mare” for the next 3 nights and will recover from the *exhausting* car based days and let us go really well. We will only eat and drink and swim and relax and have fun!!! ☺ ☺ ☺

At **7:15 PM** we will all meet in the lobby and walk 190 ft. to the nice and good “Ristorante Pizzeria Gustéo” for dinner.

The next day – **Monday, May 10th** – is completely at your disposal. You can either take a walk along the beach, through the lovely village of Jesolo and go shopping or relax at the beach or pool – or pool bar. ☺ ☺ ☺

We will meet again in the lobby at **7 PM** and walk just a few minutes to a great funny dinner place called COCORICO and enjoy a delicious Italian Gelato or Veneziano in one of the many cafes or bars afterwards.

On **Tuesday, May 11th**, after a very early breakfast we will leave the hotel at **7:30 AM** and take the public bus to Jesolo Harbor Punta Sabbioni, where we will take a 45-minute boat trip at **9.15 AM** to Piazza San Marco in Downtown Venice.

Venice will be one of the highlights of our whole tour. Welcome to the glorious, incomparable city of Venice, Italy. With its grand marble palaces and churches seeming to float atop the city's many canals, and boasting the world's most artistic masterpieces per square mile, this city will amaze you in every way.

At **10.30 AM** we will meet bella Luisella – our private English speaking tour guide – who was born in Venice and knows the city inside and out. She will show us all the attractions and point of interests of Venice and tell us everything about the history of the lagoon city. After the guided walking tour through the City of Venice we will hop on a gondola, or do as the locals do and take a Vaporetto along Venice's fabled Grand Canal. Our guide will point out the architectural wonders as we glide along from the Rialto Bridge to Doge's Palace and Piazza San Marco. Make sure to go inside the Basilica di San Marco, one of the most spectacular houses of worship in the world.

Everybody who wants to can have lunch or coffee, cake and ice cream or a drink in one of the many restaurants, cafés and bars of the city – or go shopping in the many great Venetian stores. The early afternoon is at your disposal.

After a splendid time in Venice we will close the day with a late lunch/early dinner at **2:30 PM** at the authentic Venetian restaurant “Taverna Scalinetto” which is close to the gate where our boat back to Punta Sabbioni is leaving at **4:45 PM**.

Back in our hotel we will close the beautiful day with a satisfying “nightcap” on our beautiful waterfront terrace.

On **Wednesday, May 12th**, after a great and relaxing breakfast at **10 AM**, our way leads us 240 km to Austria along the A27 passing the Lago di Santa Croce and through the amazing Dolomite mountains with their bizarre rock formations and the beautiful scenic Tux Valley to Lienz where we deserve to spend a relaxed night and a great dinner in the wonderful 5***** “Grand Hotel Lienz”.

On **Thursday, May 13th**, after a first class breakfast our way leads us over one of the most exciting and spectacular pass roads in the world, the **Grossglockner High Alpine Road**. We will have a lunch break in one of the great panoramic restaurants at the Grossglockner.

The 48 km long **Grossglockner High Alpine Road** is the highest surfaced mountain pass road in Austria. It connects Bruck in the state of Salzburg with Heiligenblut in Carinthia via Fuscher Törl and Hochtörl Pass at 2,504 meters (8,215 ft). The road is named after the Grossglockner, Austria’s highest mountain. Built as a scenic road, a toll is assessed for passage. This alpine road is one of the highest driving pleasures worldwide – every kilometer and every single one of the 36 turns is a treat for car and mountain lovers ☺

The Grossglockner is, at 3,798 meters (12,461 ft) above the Adriatic, the highest mountain in Austria and the highest mountain in the Alps east of the Brenner Pass. The Pasterze, Austria’s most extended glacier, lies on the Grossglockner’s eastern slope.

In case the Grossglockner High Alpine Road is closed due to severe weather – rain, fog, ice, snow – what can easily happen in May, we will drive the also very nice and scenic alternate route Felbertauern, which is not that high and open all year.

Arrived in Munich we will check-in to the nice hotel “Alter Hof” where we also have dinner.

ALTER HOF
HOTEL – RESTAURANT – BIERGARTEN

At **7 PM** we will meet in the lobby and enjoy a great authentic Bavarian dinner in the beautiful hotel owned restaurant – or - with a lot of good weather luck we can enjoy their lovely beer garden.

On **Friday, May 14th**, after breakfast and check-out at **10 AM** we will “saddle our horses” again and drive around 350 km on the German Autobahn A9 and A73 to one of the most historical areas in Germany – to Thuringia in former East Germany (DDR - German Democratic Republic) – where we will be part of the **“20th International European Corvette Convention”** for the next 3 days. Part of A73 has no speed limit so you will have enough time to try out your C8 ☺☺☺

The “Ringberg Hotel” – where we will stay for the next 3 nights – is a historical landmark and contemporary witness on the Suhler mountain peak summit – built 1974 to 1979 and opened in 1979 - and the former holiday home of Erich Honecker - the leader of the German Democratic Republic (DDR/East Germany) – and his family and government.

Originally it was built for farmers of the DDR, who had to wait four years for a holiday spot at the Ringberg Hotel. The route from „VdgB-Ferienheim“ (holiday home for the association of mutual agricultural aid) to today's hotel was not always easy. This year the largest house in the middle of the Thuringian Forest will celebrate its 45th anniversary.

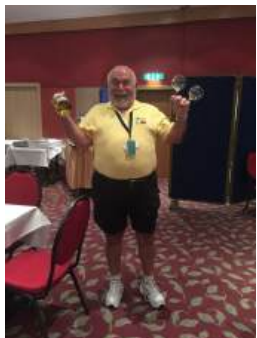

We will arrive at the Ringberg Hotel in the late afternoon where we check in and get our roadbook with all instructions for the next 3 days. There will be around 200+ Corvettes from all over Europe participating in this one-of-a-kind event.

At 7 pm we all will have dinner together at the Herbert Roth Saal where we are warmly welcomed by the organizers Gisela and Helmut – everything will also be translated in English for the guests from all over the world.

The later evening will be either spent at the numerous nightly parking lot parties or in the hotel lobby with dance and live music or at the bar.

On **Saturday, May 15th**, after a mostly short night.... ;-) and a great breakfast we'll meet at **10 AM** at the parking lot where we start in groups of 20 – 25 cars to one of the larger cities like Erfurt, Weimar, Jena or Coburg – nobody knows in advance where they will lead us – it's always a nice surprise to which city we go and where we will park our Corvettes - in the middle of the market place or the center of Downtown.

As soon as all the groups have arrived and all the cars are parked we have time for sightseeing, shopping, walking around with our Corvette friends, have some coffee and cake or ice cream in one of the many Cafés or have lunch and/or a drink at a restaurant. In the afternoon at around **3.30 PM** we delightfully cruise back to our hotel on the incredible wide and empty streets of the Thuringian Forest with our Vettes 😊

Back at the Ringberg Hotel we enjoy again the nice beergarden with drinks and their famous “Thuringian Bratwurst” and have a lot of fun with our friends talking and drinking and laughing and and and 😊
For dinner we will enjoy a nice buffet together with all the other 500+ Corvette friends.

After dinner we will do the same as the day before – **Party Party Party !!!!!**

On **Sunday, May 16th**, after a rich breakfast we all meet again at the parking lot where we once again start in groups of 20 – 25 cars. Our way leads us to a special destination such as a medieval fortress, a military base, a historical monument or castle, US Army barracks o.s.

After this exciting, informative and interesting day we return to the Ringberg Hotel a little earlier than Saturday because mostly a nice surprise - as a few years ago the visit of Callaway Competition with team and driver and their racecars of the ADAC GT Masters races – awaits us – as well as a large crowd of people who are interested in our cars.

Since it is the last evening of this great event we either enjoy a romantic country barbecue or a nice Farewell dinner.

On **Monday, May 17th**, we will enjoy a long cozy breakfast together with all other Corvette friends from all over the World before we check out, say Good-Bye and head back to Munich. On our long way back to Munich we will stop at a gas- and rest station for refuel and have a little lunch break.

As it is a public holiday in Germany most trucks are not allowed to drive on the German Autobahn, so we possibly can speed up a little bit and let our “horses run free” - *if the traffic monitoring system allows it with no speed limits.*

Arrived in Munich we will again check-in at Hotel “Alter Hof” for the next 2 nights and enjoy a Bavarian dinner.

On **Tuesday, May 18th**, after an enjoyable long sleep and breakfast we will pick you up at **11 AM** with a van and drive to the architecturally and exhibition-wise exciting “BMW World” in Munich, where we will visit the interesting BMW Museum, then take a walk through Downtown Munich and have a little lunch break either at the world famous original “Hofbräuhaus”, at the “Viktualienmarkt” or in one of the many original Bavarian Beergardens.

In the late afternoon / early evening we will visit the interesting and exciting MOTORWORLD Munich and have a nice farewell dinner in their unique restaurant "Motorworld Inn" before we bring you back to the airport the next day.

I wish you a pleasant flight back home and hope to see you again very soon on one of my next tours.

All the best, Mandy

In particular, the traveler is obliged to report his complaints immediately to the organizer. He is obliged to provide remedies, if possible. If the traveler culpably fails to report a deficiency, the right to reduction does not apply.

5. Liability of the tour participant

The traveler participates on the journey at his own risk. He is instructed in the handling of the vehicles and is responsible for compliance with the Highway Code and all legal requirements. The traveler is liable for self-inflicted accident and other damage to PICT mediated vehicles up to the amount of excess EURO 5,000 (ca. USD 5,750) per claim. The participant is liable without limitation if he caused the damage by intent or gross negligence or if the damage was caused by alcohol or drug-related unfit driving, in case of accident or proven improper handling of the mediated by PICT vehicle.

6. Cancellation / rebooking of the client

PICT insists on the conclusion of a travel cancellation insurance - see 9. Insurance. The cancellation fees vary depending on the length, type and destination/route of the trip, so please refer to the respective offer brochure. **By signing up for a tour the participant agrees to PICT's terms & conditions.**

The resigned participant is at liberty to prove that PICT did not incur any damage or a significantly lower damage than the lump sum demanded by him. The travel participant may request that a third party (substitute) enter into the rights and obligations of the travel contract. PICT can only object to the change in the person if there are important reasons (for example, lack of availability of two single rooms instead of a double room). A refund for unused services is not provided, this applies in particular to the untimely arrival at the start of the journey or for early departure. In this case, PICT reserves the right to charge separately for any additional expenses (for example, for an additional lodging or transfer).

7. Cancellation of the tour organizer

PICT may terminate the travel contract without notice, if the journey is permanently disturbed by the travel participant or if a permanent improper treatment of the vehicles brokered by PICT is detected. Any additional costs for the return journey shall be borne by the excluded traveler. PICT retains the right to the travel price with deduction of saved travel expenses. PICT shall be entitled to terminate a travel contract up to 4 weeks prior to departure, if its execution is unreasonable for PICT after exhausting all possibilities, because the costs incurred in the event of execution exceed the economic limit of the victim's travel costs, if PICT is not responsible for the circumstances leading to the cancellation and proves the circumstances. If the trip is cancelled for this reason, without the traveler claiming the alternative service, he will receive the paid travel price back immediately. PICT is also entitled to cancel the trip up to 6 weeks prior to departure and refund the deposits received if the required minimum number of participants is not reached due to customer cancellations or too few registrations and the cost-effectiveness is therefore no longer given.

8. Safety

The PICT routes are carefully selected routes that usually take place on minor roads. Sections with higher traffic such as highways are possible and depending on travel route also necessary. The vehicles used by PICT are regularly maintained and are in excellent technical conditions. They comply with all legal regulations in all aspects. The tour operator strives to carry out the PICT tours to the complete satisfaction of the participants. The presence at the instruction for the use of the vehicles is obligatory for all participants, who drive one thru PICT provided vehicle. All Instructions given by the tour management to the participants are binding.

9. Insurance

Included in the travel price is the motor vehicle liability insurance, a fully comprehensive insurance with a deductible of EURO 5,000 (ca. USD 5,500). In case of damage, the tour guide must be informed immediately. The conditions of the insurance contract can be viewed by the travel participant at PICT. The travel price does not include a baggage, medical, rental car damage protector and cancellation insurance.

All participants MUST buy a comprehensive travel insurance policy before leaving for the tour. The insurance should include covering of medical/dental, personal effects, cancellations for any reason and rental vehicle excess.

10. General provisions

Claims against PICT must be made in writing no later than one month after the end of the trip at the registered office of the organizer. After expiry of the period, the participant may only assert claims if he has been prevented from observing the deadline without fault. Contractual claims for damages become time-barred after two years. PICT informs the nationals of the state in which the travel is offered about travel, passport, visa and health regulations as well as their possible changes before departure. The participant is responsible for the observance of all important regulations for the realization of the journey. All disadvantages, in particular the payment of cancellation fees, resulting from the non-compliance with these regulations are at the expense of the customer, unless they are caused by culpable misinformation or non-information of PICT. All costs not included in the tour price, such as warnings (fines), are indicated separately in the offer brochure. Verbal agreements require the written confirmation to be effective. The participant can sue PICT only at its seat. PICT 's claim against the traveler is governed by the latter' s domicile, unless the action is directed against registered traders or persons who have moved their domicile or habitual residence abroad after the conclusion of the contract or whose domicile or habitual residence is at the time of Action is not known. In these cases, the seat of PICT is authoritative.

11. Ineffectiveness

The ineffectiveness of individual provisions of the travel contract does not result in the ineffectiveness of the entire travel contract.

FAQ

Does the tour include airfare?

No. Most people like to fly with a dedicated airline where they can earn miles - and sometimes people also want to arrive earlier before the tour starts and leave later because they want to travel to other places before or after our tour. There is no point in booking flight tickets for clients – anyone can book as they wish as long as they arrive before the tour starts.

In which city and European Country does the tour start and where does it end?

The tour officially starts in Munich, Germany and also ends in Munich. On the day of your arrival there will be a dinner where we will meet everyone for the first time and have an important tour briefing with all traffic rules and restrictions in Germany, Austria and Italy. Please stay and listen closely to the instructions.

What should I bring?

A travel light and/or a flashlight are not bad. Also, if you need a washing cloth you should bring it – this is not common in most European countries. Since we do not exactly know in advance which Corvette types (C8 Coupe or Convertible - or if desired also a C7 Coupe) we will get: Please remember that you **don't bring more luggage than EASILY fits in the car** – don't forget that you might go shopping in Italy. (The trunk and frunk of the C8 coupe and convertible is smaller than the C7 coupe trunk space – **C7 Coupe 15 cubic-feet/425 L vs C8 Coupe (European Model) 11.6 cubic-feet/328 L and C8 Convertible 9.4 cubic-feet/266 L**). **PLEASE NOTE: NO LUGGAGE VEHICLE WILL ACCOMPANY US!!!**

Also bring a warmer jacket (just in case...). There is no dress code anywhere, you can always wear what you like. The tour includes Men and Ladies polo-shirts – please let me know your sizes and preferred colors on the attached registration form.

How's the weather in Germany, Austria and Italy in May?

Usually, the weather in Germany in May is quite nice with an average temperature of around 21°C / 70°F. It can be a bit cooler in Austria and especially in the mountain regions, but in Italy the average temperature is usually around 24°C / 75°F.

What are the speed limits in Germany, Austria and Italy?

It depends on which road you are driving... On the German Autobahn (highway) – when there is no speed limit displayed – you can drive as fast as you like. By law slower traffic must stay in the right lane while the left lane is the fast (passing) lane. Driving slowly in the left lane is not allowed. When a speed limit is displayed, it applies to all lanes. The speed limit on a country road in Germany is 100 km/h (62 mph) if there is no special speed limit sign.

In Austria the speed limit on highways is between 100 km/h and 130 km/h – it is displayed in the traffic monitoring system. On country roads the same rules apply as in Germany. Speeding fines are very high compared to Germany.

In Italy, the speed limit on Autostradas (highways) is between 110 km/h and 130 km/h (sometimes even 150 km/h) – it is also displayed in the traffic monitoring system and on signs. The speed limit on country roads is 90 km/h (56 mph). Speeding is also very expensive in Italy. Driving in Italy is „narrow“, but ok - traffic flows and you'll go with the flow. But they now have Autostrada cameras, so be very careful – speeding is extremely expensive in Italy – more expensive even than in Austria.

Is security an issue in Italy?

Not where we are going. All hotels we stay in and the places we visit are very safe and we won't go to any unsafe places, so don't worry at all. For the rented Corvettes we will have garages or secured or even guarded parking lots everywhere.

BUT: Never leave any personal items like purses, wallets, handbags, cell phones, cameras and other valuables - or things that look like them - visible in the car - this could tempt thieves to smash the windows and break into the cars !!!

I do not speak German or Italian, how do I get along?

Most Germans, Austrians and Italians speak English, so you won't have problems getting along. I also speak English, German and a little Italian – so we are on the safe side and won't have any problems at all.

Do I need an International Driver License / International Driving Permit (IDP)?

Not in Germany but required in Italy and Austria. You can apply for an International Driving Permit (IDP) for USD 20.00 from AAA or CDN 32.00 from CAA – see links below.
